**The “Preservation of Glenn County History” Project  
Begins with a Display Case in Memory of Gene Walker**

The “Preservation of Glenn County History” project was created by the Historical Records Commission in memory of former member Gene Walker, for his dedication to the preservation and restoration of Glenn County history. Mr. Walker devoted many of his retired hours conducting research and inventory of various records of the County. The Commission created this project to raise funding that will allow the Commission’s efforts to continue to “foster and promote the preservation of historical records”, as stated in Resolution 85-71 adopted by the Board of Supervisors.

A display case will be located at the Willows Memorial Hall near the Board of Supervisors Chambers, and shall hold commemorative plaques identifying individuals who have donated towards the Preservation Project, and/or the individual they are donating in memory of, then placed under a specific level of sponsorship as referred to in the Commission’s Guidelines. Contact us for more information.

**YOUR TAX DEDUCTIBLE DONATION  
CAN BE MADE TO:  
COUNTY OF GLENN  
C/O HISTORICAL RECORDS COMMISSION**

*Thank you for your support!*
