[Professional Engineering, Consulting, and Planning Services for the Glenn County Airports \[1\]](#)

Description:

The County of Glenn (County) is requesting Statements of Qualifications for Professional Engineering, Consulting, and Planning Services for the Glenn County Airports. As part of the services, the Consultant(s) will be required, on an as needed basis, for up to five years, to perform airport-related activities as development planning, engineering studies, preparation of federal environmental assessments, applications, engineering design work, preparation of contract plans and specifications, construction management, and contract administration. Fees will be determined through negotiations at the time a specific service is needed. A more detailed description of the anticipated projects over the course of contract term is presented in the
