Covelo Ranger District plans prescribed burns

COVELO, Calif.; Nov. 13, 2016 ? For Immediate Release ? Fire managers plan to burn slash piles on the Covelo Ranger District of the Mendocino National Forest Monday, Nov. 14 and Tuesday Nov. 15 pending appropriate conditions and Calif. Air Resources Board approval. Crews anticipate burning approximately 85 acres of piles.

Crews will be working on Pinto Ridge in the Baseball Prescribed Fire project. The legal description is T22N, R10W, Sec. 20, about four miles south of Mendocino Pass on Road 22N11. The project area will be signed and posted for public safety. If traveling in the vicinity, please use caution and watch for fire crews and equipment.

Prescribed fire is an essential tool that land managers use to help remove hazardous fuels and reduce the potential for severe wildfires. Fire managers follow a burn plan that outlines the ?prescription? or environmental conditions such as temperature, wind, fuel moisture, ventilation, and relative humidity that need to be met before the prescribed fire begins. For more information, please contact Terry Warlick, 707-983-8513.
