

**ASSISTANT PLANNER / ASSOCIATE PLANNER**

DEFINITION

To perform a wide variety of technical and professional planning work in the field of current and advanced planning of projects and programs; to provide information and assistance to developers and the public on planning-related matters.

DISTINGUISHING CHARACTERISTICS

**Assistant Planner** is the entry-level class in the planning series. This class is distinguished from the Associate Planner by the performance of the more routine tasks and duties assigned to positions within the series which do not require prior knowledge of the County's policies, procedures and organization. Since this class is typically used as an entry/training classification, employees may have only limited or no directly related work experience. **Associate Planner** is the full journey-level classification with the series. Associate Planner is distinguished from Assistant Planner by the performance of the full range of duties as assigned, including those tasks which require familiarity with the policies, procedures and organization of the County. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies within the Public Works Resource, Planning and Development Division. Positions in this class are flexibly staffed and are normally filled by advancement from the Assistant entry level, or when filled from the outside, require prior experience.

SUPERVISION RECEIVED AND EXERCISED

**Assistant Planner:** Receives general supervision from management staff.

**Associate Planner:** Receives direction from Management Staff; exercises functional and technical supervision over lower-level staff.

EXAMPLES OF DUTIES -- Duties may include, but are not limited to, the following:

Reviews and conducts special studies related to current and/or advanced planning projects, programs and operations.

Gathers, compiles and evaluates statistical data related to the County's existing population, housing needs, income level, employment, etc., for use in projecting future County planning needs.

Prepares checklists and surveys to gather information relevant to the development of the County's General Plan, and evaluates information obtained through such survey instruments.

Reviews and makes recommendations regarding General Plan amendments and environmental impact reports.
