Remote Meeting Hints and Tips

To make the upcoming meeting effective, please read all the following.

1. The process will feel “clunky”. There will be inevitable pauses, stalls, re-sets, particularly when participants want to comment, we have to vote or take a straw poll. This may be frustrating and that’s completely understandable. Please be patient as we work together in this “new normal” approach.
2. To minimize challenges, we will open the online meeting 30 minutes in advance. Please log in during that time so we can walk you through the set up and get you familiarized with things. You may also want to go to Zoom (the virtual meeting tool) the day before and familiarize yourself with it.
3. Regarding personal settings, it will be VERY helpful for us to know in advance if you plan to log in via a computer, smart phone, or land line. Under separate cover, staff will contact you to confirm this so we know exactly who is participating and we can identify you for later in the discussion.
4. Regarding the “RAISE HAND” tool. You’ll find this if you click on the “Participants” icon. When that menu opens, you’ll see the names (or phone numbers) of everyone in the meeting. At bottom of that menu, you’ll see a button that says “RAISE HAND”. We will use this feature to let the facilitator know if you want to make a comment, so it is VERY important that you familiarize yourself with this.
5. If you’ve joined online (rather than just through the toll free phone number), we ask that during the meeting you keep your Zoom microphone on “Mute”. If you are using an organization’s landline, please do NOT put your phone on “Hold”.
