Subject: GSRMA Hosts Cal/OSHA COVID-19 Updates Webinar

Good afternoon,

GSRMA is excited to invite you to an upcoming webinar we will be hosting on the continuously updating COVID-19 regulations. **March 9th, at 1PM**, Patrick Corcoran will be joining us to go over the **current Cal/OSHA COVID-19 regulations**, as well as some of the **proposed amendments we can expect to see in the coming months**. Patrick is a Senior Safety Engineer with Cal/OSHA Consultations, with 20-years experience at Cal/OSHA. [Please click here to view our flyer](#), which contains a link to register. If you just wish to register, [please click here](#).

Also, we invite you to view our recent blog post on the new COVID-19 website that the Department of Industrial Relations (DIR) and Labor & Workforce Development Agency (LWDA) have pooled resources to produce. This website features a “Road Map” tool which asks you several quick questions about your agency, and based on your responses pulls data from both the State and County level to give you a “Road Map” to COVID-19 Compliance. [Please click here to view the blog](#).

Finally, have a full lineup of trainings coming in the next few weeks, so please take a moment to review and register. We appreciate your continued attendance at our trainings and look forward to continuing to provide you with high quality trainings over Zoom. Thank you for being valued members of Golden State Risk Management Authority!
