## C. Member Reports:

**Andy:** Spoke to a product called Biofeed Ltd. who patented a line of products that help abate olive fruit fly. He is interested in acquiring this product and conducting a trial to young stand of olive trees; testing its effectiveness. The U-card is a product that on one side is covered in deltamethrin, which kills the pest when contact is made.

**Dan:** Mentioned California Olive Ranch has consultants in place and has applied for a number of grants for abatement of olive pests.

**Next Meeting:** The next meeting is September 16, 2021.
