

Glenn County Department of Agriculture
Alternatives Considered – Restricted Materials Permit

Applicant Name: _____ RMP # _____
Restricted Material Name: _____

Title 3 of the California Code of Regulations (CCR), section 6426 requires a permit applicant (grower) and their pest control adviser to consider feasible alternatives to the use of restricted materials before applying for a restricted material permit with the county agricultural commissioner (CAC). This section provides:

6426 (a) *Each licensed agricultural pest control adviser and grower, when determining if and when to use a pesticide that requires a permit, shall consider, and if feasible, adopt any reasonable, effective and practical mitigation measure or use any feasible alternative which would substantially lessen any significant adverse impact on the environment.*

Please complete the following and include this information with your restricted material permit application. This information is necessary in order for your application to be deemed complete. The county agriculture commissioner's office will not process incomplete permit applications.

For each restricted material requested, please list the feasible alternatives that you considered before applying for a restricted material permit, including:

1. Non-chemical pest management practice alternatives considered:

- ___ hand weeding
- ___ mowing
- ___ orchard floor sanitation to remove mummy nuts or berries
- ___ timing pruning to minimize chance of fungal infection
- ___ trapping, habitat modification, and use of predators for rodent control

Additional alternatives considered:

2. Reduced risk chemical alternatives:

- ___ non- restricted pesticide products
- ___ certified organic
- ___ FIFRA section 25(b) exempt/minimum risk pesticide products.

Additional alternatives considered:
