#### Statement and Signature

I, the applicant, hereby affirm that I will not burn, or allow to be burned, the above listed rice acreage for the next four years. I understand that this burning restriction is bound to the property even if the property lessee, owner, or manager changes. I will assure that burning the entire acreage this year will not cause the Glenn County Air Pollution Control District to exceed the proportional acreage cap or cause the Sacramento Basin to exceed the maximum annual acres. I will abide by the requirements for obtaining and maintaining a Conditional Rice Straw Burning Permit. I will not hold the Glenn County Air Pollution Control District or its personnel liable if conditions occur which prevent me from burning 100% of my above listed acreage before planting next year. I understand that I may appeal the terms of this agreement with the Glenn County Air Pollution Control District Air Pollution Control Officer.
