Request for Cultivation Burning

Date		Burn Permit #	
Contact Name & Phone #		Mailing Address	

Cultivation Burn: The burning of accumulated agricultural waste that builds up in the cultivation implements or small patches that will obstruct the proper cultivation of land. Cultivation burning must meet the following criteria:

1. Burning must be done during cultivation and shall be restricted to that check in which cultivation equipment is actually working.
2. The size of the pile or patch may not exceed 25’*10’*1’ or any combination thereof as long as the pile/patch does not exceed cubic feet.
3. An average of not more than two (2) patches/piles per acre may be burned at any one time.
4. Cultivation burning is permissible on “No Burn” days with call-in to the District.
5. This request for a Cultivation burn is valid only for the period of time specified below.

Spot Burning: Touch-up burning of a field after the initial burn and before cultivation has taken place. Spot burning must meet the following criteria:

1. A spot burn cannot encompass more than ten (10) acres total.
2. Spot burning requires call-in for District approval but not the signature of this form.
3. Spot Burning is NOT permissible on “No Burn” days.

Other Burning: _____

This request for a Cultivation Burn is valid only from:

_____ to _____

At This Burn Location: _____

I have read the above conditions and hereby agree to abide by them. I understand that a violation of these conditions may result in a violation and/or the loss of Cultivation/Spot burning privileges.
