# INDEPENDENT AUDITOR'S REPORT

Board of Supervisors of the County of Glenn Willows, California

We have audited the accompanying general purpose financial statements of the County of Glenn as of and for the year ended, June 30, 2000 as listed in the table of contents. These general purpose financial statements are the responsibility of County's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the County of Glenn as of June 30, 2000, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 12, 2000 on our consideration of the County of Glenn's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

# NOTES TO THE FINANCIAL STATEMENTS

The notes provided as part of the General Purpose Financial Statements are considered an integral and essential part of adequate disclosure and fair presentation of this report. The notes include a Summary of Significant Accounting Policies for the County, and other necessary disclosure of pertinent matters relating to the financial position of the County. The notes express significant insight to the financial statements and are conjunctive to understanding the rationale for presentation of the financial statements and information contained in this document.

Notes to Financial Statements June 30, 2000

# Note 1: Summary of Significant Accounting Policies

# A. Reporting Entity

The accounting methods and procedures adopted by the County conform to generally accepted accounting principles. The County's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds and similar component units apply Financial Accounting Standards Board pronouncements and Accounting Principle Board opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

These financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Reporting for component units on the County's financial statements can be blended or discretely presented. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Blended component units are an extension of the County and so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize they are legally separate from the County. Each component unit has a June 30th year end.

<u>Blended Component Units</u>. The Artois Fire District, Hamilton Fire District, Bayliss Fire District, Willows Rural Fire District. Storm Drain Maintenance No. 1, Storm Drain Maintenance No. 3, North Willows Community Services Area. Air Pollution Control District Waste Disposal, Orland Airport, Willows Airport and Glenn Hospital are districts governed by the County Board of Supervisors. The component unit's governing body is substantially the same as the primary government, hence, these units are presented by blending them with the primary government.

<u>Discretely Presented Component Units</u>. There are no component units of the County which meet the criteria for discrete presentation.

# B. Fund Accounting

The accounts of the County are organized on the basis of funds and account groups, each of which is considered a separate entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that consist of its assets, liabilities, fund equity, revenues, and expenditures. or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into three broad fund types and two account group categories. These categories consist of the following:

# Notes to Financial Statements June 30, 2000

# Note 1: Summary of Significant Accounting Policies (continued)

#### B. Fund Accounting (continued)

#### **Governmental Funds**

<u>General Fund</u> – The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust or for major capital projects) that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Funds</u> – Capital Projects Funds are used to account for financial resources to be used for the acquisition of major capital facilities (other than those financed by proprietary funds).

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for the servicing of general long-term debt.

#### **Proprietary Funds**

<u>Enterprise Funds</u> – Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

<u>Internal Service Funds</u> – Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County or to other governments on a cost-reimbursement basis.

# **Fiduciary Funds**

<u>Trust and Agency Funds</u> – Trust and Agency Funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds.

### Notes to Financial Statements June 30, 2000

# Note 1: Summary of Significant Accounting Policies (continued)

#### B. Fund Accounting (continued)

### Fiduciary Funds (continued)

<u>Investment Trust Funds</u> – Investment Trust Funds are used to account for investment activity on behalf of legally separate entities who participate in the Treasurer's investment pool or have specific investments with the Treasury.

### Account Groups

<u>General Fixed Assets</u> – The General Fixed Assets Account Group is used to maintain control and cost information on capital assets owned by the County, other than the capital assets in the proprietary funds. No depreciation has been provided on general fixed assets.

<u>General Long-Term Debt</u> – The General Long-Term Debt Account Group is used to account for unmatured general long-term indebtedness of the County, other than the long-term debt in the proprietary funds.

# C. Basis of Accounting

All governmental funds are accounted for using the modified accrual basis of accounting, in which revenues are recognized in the accounting period in which they become available and measurable, and expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. The exception is unmatured principal and interest on general long-term debt, which would be recognized when due. Significant revenue sources that have been treated as "susceptible to accrual" under the modified accrual basis include taxes, interest, charges for services, and intergovernmental revenues. Inventory items in the road fund are expended when purchased (the purchase method). The remaining balance of inventories in the fund are reserved at year-end as nonexpendable resources.

All proprietary funds are accounted for using the accrual basis of accounting, in which revenues are recognized in the accounting period in which they are earned and become measurable. Expenditures are recognized in the period incurred, if measurable.

Agency Fund assets and liabilities are custodial in nature and do not involve the measurement of the results of operations.

Notes to Financial Statements June 30, 2000

#### Note 1: Summary of Significant Accounting Policies (continued)

#### D. Fixed Assets

General fixed assets have been acquired for general governmental purposes. Assets purchased are recorded as expenditures in the governmental funds and capitalized at cost in the General Fixed Assets Account Group. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Contributed fixed assets are recorded at estimated fair market value at the time received.

Fixed assets consisting of certain improvements ("infrastructure") other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, have not been capitalized. Such assets normally are immovable and of value only to the County. Therefore, the purpose of stewardship for capital expenditures is satisfied without recording these assets.

No depreciation has been provided on general fixed assets. No interest has been capitalized on self-constructed assets because management believes noncapitalization of interest does not have a material effect on the County's financial statements.

Property, plant, and equipment owned by proprietary funds of the county are stated at cost or estimated historical cost. Depreciation has been provided over the estimated useful lives using the straight-line depreciation method.

The estimated useful lives of proprietary fund fixed assets are as follows:

Structures	5 to 30 years
Equipment	3 to 10 years
Vehicles	5 to 10 years

# E. Reporting Treatment of Other Assets, Loans Receivable, and Long-Term Liabilities

Other Assets and Loans Receivable

Recognition of governmental fund type revenues represented by non-current receivables is deferred until they become current receivables. Non-current portions of long-term loans receivable are offset by fund balance reserve accounts.

### Notes to Financial Statements June 30, 2000

# Note 1: Summary of Significant Accounting Policies (continued)

E. Reporting Treatment of Other Assets, Loans Receivable, and Long-Term Liabilities (continued)

### Long-Term Liabilities

Because of their spending measurement focus, expenditure recognition for governmental fund types do not include amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

# F. Budgets and Budgetary Accounting

By State law, the County Board of Supervisors must approve a tentative budget no later than June 30 of each year and adopt a final budget no later than August 30. A public hearing must be conducted to receive comments prior to adoption. The County Board of Supervisors satisfied these requirements.

These budgets are revised by the Board of Supervisors during the year to give consideration to unanticipated revenues and expenditures. It is this final revised budget that is presented in the financial statements.

Budgets are adopted on a basis which materially conforms to generally accepted accounting principles.

#### G. Encumbrances

Encumbrance accounting is employed as an extension of the budgetary process. This method records purchase orders, contracts and other commitments for the expenditure of funds in order to reserve that portion of the applicable appropriation. Encumbrances carry over at year-end as reserved fund balances.

#### H. Fund Equity

<u>Reservations of Fund Balances of Governmental Funds</u> are created to either (1) satisfy legal covenants that require that a portion of the fund balance be segregated or (2) identify the portion of the fund balance that is not appropriate for future expenditures. Specific reservations of the fund balance accounts are summarized below.

# Notes to Financial Statements June 30, 2000

# Note 1: Summary of Significant Accounting Policies (continued)

#### H. Fund Equity (continued)

<u>Reserve for Encumbrances</u> was created to represent encumbrances outstanding at the end of the year based on purchase order and contracts signed by the County but not yet completed as of the close of the fiscal year.

<u>Reserve for Inventorv</u> was created to represent the portion of the fund balance that is not available for expenditure because the County expects to use these resources within the next budgetary period.

<u>Reserve for Imprest Cash</u> was created to represent the portion of the fund balance that is not available for expenditure because the County maintains various levels of revolving funds for daily operations.

<u>Reserve for Investment Trust Funds</u> represents the portion of funds held in trust for participants of the pooled investment trust fund and specific investment trust funds.

<u>Reserve for Prepaid Expenses</u> is an amount equal to prepaid expenditures which have been reserved to indicate that such assets do not represent available expendable financial resources.

<u>Reserve for Advances</u> was created to represent the portion of the fund balance that is not available for expenditure because repayment of the advance by various funds is not expected to be made during the current fiscal year.

<u>Reserve for Debt Service</u> was created to segregate the portion of the fund balance account for debt service, including both principal and interest payments. The reservation was established to satisfy legal restrictions imposed by bond agreements.

<u>Designations of Unreserved Fund Balance</u> are created to indicate tentative plans for financial resource utilization in a future period, such as for general contingencies or debt service. Such plans or intent are subject to change and may never be legally authorized or result in expenditures.

#### I. Property Tax Revenue

Property taxes attach as an enforceable lien on March 1. Taxes are levied on July 1 and payable in two installments: December 10 and April 10. All general property taxes are then allocated by the County Auditor-Controller's Office to the various taxing entities per the legislation implementing Proposition 13. The method of allocation used by the County is subject to review by the State of California. County property tax revenues are recognized when levied, using the Teeter method of property tax allocation.

### Notes to Financial Statements June 30, 2000

# Note 1: Summary of Significant Accounting Policies (continued)

#### J. Inventory

Inventory is valued at average cost. Inventory consists of expendable supplies held for consumption and are expended as incurred. Inventories reported in government fund types are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

#### K. Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, the County considers all pooled cash and investments held by the treasurer as cash equivalents.

### L. Total Columns on Combined Statements

Total columns on the Combined Statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

#### Note 2: Cash and Investments

A. Cash and investments held by the County Treasurer at June 30, 2000, consisted of the following:

General Fund Special Revenue Funds	\$ 1,629,800 1,008,053
Capital Projects Funds	796,987
Debt Service Fund	1,339,318
Enterprise Funds	719,905
Internal Service Funds Trust and Agency Funds	37,480,475
Net Cash Reported on Financial Statements	42,974,538
Outstanding Warrants	5,352,822
Items in transit	2,814.645
Total Cash and Investments Held in County Treasury at June 30, 2000	<u>\$ 51,142,005</u>

The County follows the practice of pooling cash and investments of all funds except for funds requiring specific investments under the provisions of a joint power authority.

# Notes to Financial Statements June 30, 2000

### Note 2: Cash and Investments (continued)

#### **B.** Interest Allocations

Interest income earned on pooled cash and investments is allocated quarterly to the various funds based on the average daily cash balances. Interest income from cash and investments with fiscal agent and in the joint powers authority is credited directly to the related fund.

# C. Pooled Cash and Non-Negotiable Certificates of Deposit

All pooled cash and non-negotiable certificates of deposit are entirely insured or collateralized. The California Government Code requires California banks and savings and loan associations to secure a County's deposits by pledging government securities as collateral. The market value of pledged securities must equal at least 110% of a County's deposits. California law also allows financial institutions to secure county deposits by pledging first trust deed mortgage notes have a value of 150% of a county's total deposits. The County may waive collateral requirements for deposits which are fully insured up to \$100,000 by the Federal Deposit Insurance Corporation (FDIC).

#### D. Authorized Investments

Under provision of the County's Investment Policy, and in accordance with Section 53601 of the California Government Code, the County may invest in the following types of investments:

Securities of the U.S. Government or its agencies Small Business Administration Loans Negotiable Certificates of Deposits Bankers' Acceptances Commercial Paper (rated A-1 by Standard & Poor's and P-1 by (Moody's) Local Agency Investment Fund (State Pool) Deposits Passbook Savings Account Demand Deposits Repurchase Agreements Reverse Repurchase Agreements

### Notes to Financial Statements June 30, 2000

### Note 2: Cash and Investments (continued)

# E. Credit Risk, Carrying Amount, and Fair Value of Investments

The fair value of the Treasurer's investments are determined on an annual basis. Values are obtained from the securities custodian for registered securities. Zero coupon notes and bonds and similar investments are stated at amortized cost. Investments in LAJF are considered by the County to be demand deposits where the deposit balances approximate the fair value of the investment.

The County's investments have been summarized. The investments that are represented by specific identifiable investment securities are classified as to credit risk by three categories as follows: Category 1 includes investments that are insured or registered or for which securities are held by the County or its agent in the County's name; Category 2 includes uninsured and unregistered investments for which the securities are held by the broker's or dealer's trust department in the County's name; Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer or by its trust department, but not in the County's name.

The County is authorized to enter into reverse repurchase agreements, but entered into no such agreements during the year.

### F. Condensed Investment Pool Information

The Treasurer maintains an investment pool and also maintains specific investments on behalf of certain government agencies. A summary of the net cash and investments held by the Treasurer at June 30, 2000 is as follows:

Pool investments	\$ 36,687,394
Specific investments	<u>6,287,144</u>
Total Net Cash and Investments	<u>\$ 42,974.538</u>

For details about specific investments and related activity, please refer to the Combining Statement of Changes in Fiduciary Net Assets - Investment Trust Funds contained in these financial statements.

The following represents a condensed statement of net assets and statement of changes in net assets for the activity in the Treasurer's investment pool as of and for the year ended June 30, 2000:

Statement of Net Assets	Internal Participants	External <u>Participants</u>	Total Investment Pool

Notes to Financial Statements June 30, 2000

#### Note 3: Long-Term Debt Obligations

### A. Compensated Absences

Vacation may be accrued at various rates depending on the number of years employed and the bargaining unit an employee belongs to. Accrued vacation is paid in full upon termination of employment, death or retirement. No payment of accumulated sick leave shall be paid upon termination of employment. Overtime may be accumulated up to a maximum of 240 hours. Accrued overtime is paid in full upon termination of employment.

The liability for compensated absences is estimated to be \$990,583 at June 30, 2000. \$873,492 is recorded in the general long-term account group and \$117,091 is recorded as a direct liability of proprietary funds.

# **B.** Certificates of Participation

On October 3, 1988, the County joined other Counties of the California Counties Lease Financing Authority (JPA) in an agreement with the CSAC Finance Corporation (Corporation) as a Project Lessee to issue Certificates of Participation (Certificates) in the amount of \$2,985,000. The purpose of the Certificates is to provide funding for the construction of a new jail facility, an expansion of the public works building and the reroofing of Glenn General Hospital (Project). The County is obligated to make lease payments for the Project. Each Certificate represents a proportionate interest of the owner thereof in lease payments to be made by the County. The County has covenanted that as long as its Project is available for the County's use and possession. it will take such action as may be necessary to include its Lease Payments in its annual budget, and to make the necessary annual appropriations therefor. Under California law, the obligation of the County to make lease payments may be abated in whole or in part if the County does not have full use and possession of its Project. A Reserve Account is established for the County from funds held by the Trustee for the benefit of the Certificate owners in the amount of \$224,768. This amount is reflected in the general purpose financial statements in the Debt Service Fund as "Cash with Fiscal Agent".

Lease Payments by the County are due as follows: principal payments are due October 1 of each year, and interest is payable semi-annually on October 1 and April 1 of each year with the final payment occurring October 1, 2008.

3

# Notes to Financial Statements June 30, 2000

# Note 3: Long-Term Debt Obligations (continued)

### B. Certificates of Participation (continued)

The following schedule shows a summary of the annual debt service:

Year Ended						
June <u>30.</u>	P:	Principal Interest		Total		
		-				
2001	\$	160,000	S	104,220	S	264,220
2002		170,000		95,345		265,345
2003		180,000		85,495		265,495
2004		190,000		74,810		264,810
2005		205,000		63.150		268,150
2006		215,000		50,550		265,550
2007		230,000		37,200		267,200
2008		245,000		22,950		267,950
2009		260.000		7,800		267,800
Totals	<u>\$</u>	1.855,000	<u>\$</u>	541,520	<u>S</u>	2.396.520

NOTE: The COP was refinanced in 1998. Principal was increased by \$60,000. However, total Debt Service was reduced by \$74,928. Interest rates were reduced from a range of 6 percent to 8.125 percent to a range of 4.75 percent to 6.0 percent. The above schedule reflects those changes.

# C. Loan Payable - Hamilton-Bayliss Fire District

The Hamilton-Bayliss Fire District has entered into a loan agreement with the Housing Community Development Block Grant for the construction/purchase of a fire house in Hamilton City. The loan originally dated 1/17/89 was deferred and scheduled for payments of principal and interest due yearly beginning in 1993. The loan is for 10 years at an interest rate of 3 percent.

The following represents the debt service schedule for the loan:

<u>June 30.</u>		
2001 2002	S	2,312 <u>19,261</u>
Total Payments		21,573
Less Amount Representing Interest	<del></del>	(1.173)
Total Principal Due	<u>S</u>	20,400

Notes to Financial Statements June 30, 2000

#### Note 3: Long-Term Debt Obligations (continued)

#### D. Capital Lease Obligations

In July, 1994, the County entered into a lease-purchase agreement with Hewlett Packard for the purchase of software in the amount of \$85,355. Payments over the term of the lease total \$102,641. The terms of the agreement are 6 amual payments of \$17,107 each and at an interest rate of 6.75%. At June 30, 2000, the principal balance remaining was \$16,024.

In August 1995, the County entered into a lease-purchase agreement with Hewlett Packard for computer equipment in the amount of \$321,537. Payments over the term of the lease total \$384,655. The terms of the agreement are 7 annual payments of \$54,951 each and at an interest rate of 5.72%. At June 30, 2000, the principal balance remaining was \$51,978.

In January, 1997, the County entered into an equipment lease-purchase agreement with Caterpillar Financial Services Corporation in the amount of \$104,033. Payments over the term of the lease total \$119,166. The terms of the agreement are 5 annual payments of \$23,833 each and at an interest rate of 5.77%. At June 30, 2000, the principal balance remaining was \$45,453.

In January, 1997, the County entered into an equipment lease-purchase agreement with Caterpillar Financial Services Corporation in the amount of \$101,888. Payments over the term of the lease total \$122,699. The terms of the agreement are 7 annual payments of \$17,528 each and at an interest rate of 6.4%. At June 30, 2000, the principal balance remaining was \$60,186.

In August, 1998, the County entered into an equipment lease-purchase agreement with Caterpillar Financial Services Corporation in the amount of S67,541. Payments over the term of the lease total \$79,035. The terms of the agreement are 5 annual payments of \$15,807 each and at an interest rate of 6.0%. At June 30, 2000, the principal balance remaining was \$42,253.

In September, 1998, the County entered into an equipment lease-purchase agreement with Compaq Financial Services Corporation in the amount of \$85,504. Payments over the term of the lease total \$94,136. The terms of the agreement are 16 quarterly payments of \$4,009 each and at an interest rate of 7.96%. At June 30, 2000, the principal balance remaining was \$36,482.

### Notes to Financial Statements June 30, 2000

#### Note 3: Long-Term Debt Obligations (continued)

#### D. Capital Lease Obligations (continued)

In September, 1999, the County entered into an equipment lease-purchase agreement with Caterpillar Financial Services in the amount of \$67,541. Payments over the term of the lease total \$79,035. The terms of the agreement are 5 annual payments of \$13,508 each and at an interest rate of 6.0%. At June 30, 2000, the principal balance remaining was \$46,915.

In September, 1999, the County entered into an equipment lease-purchase agreement with Caterpillar Financial Services in the amount of S200,082. Payments over the term of the lease total S237,303. The terms of the agreement are 6 annual payments of \$39,550 each and at an interest rate of 6.0%. At June 30, 2000, the principal balance remaining was \$166,601.

In September, 1999, the County entered into an equipment lease-purchase agreement with Caterpillar Financial Services in the amount of \$109,481. Payments over the term of the lease total \$126,029. The terms of the agreement are 5 annual payments of \$25,206 each and at an interest rate of 5.9%. At June 30, 2000, the principal balance remaining was \$87,541.

In October, 1999, the County entered into a computer system lease-purchase agreement with Western Municipal Securities Corporation in the amount of \$700,000. Payments over the term of the lease total \$758,170. The terms of the agreement are 12 quarterly payments of \$63,181 each and at an interest rate of 5%. At June 30, 2000, the principal balance remaining was \$534,658.

The following schedule shows a summary of the minimum annual lease payments:

<u>June 30.</u>		
2001	\$	413,066
2002		404,190
2003		245,977
2004		95,794

#### A. Plan Description

The County of Glenn contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State of California. Copies of PERS annual financial report may be obtained from their Executive Office – 400 P Street, Sacramento, CA 95814.

<u>\$ 1.104.037</u>

# Notes to Financial Statements June 30, 2000

# Note 6: County Employees Retirement Plan (Defined Benefit Pension Plan) (continued)

#### B. Funding Policy

The County makes the contributions required of County employees on their behalf and for their account. The rates are set by statute and therefore generally remain unchanged from year to year. The present actuarially determined rates of annual covered payroll are as follows:

Category	Member Rates as a <u>Percentage of Wages</u>
Local miscellaneous members Local safety members with	7%
benefits under Article:	
21362	9%
21363	9%
21369	7%
21366	rate based on entry age

The contribution requirements of the plan members are established by State statutes and the employer contribution rate is established and may be amended by Cal PERS.

#### Annual Pension Cost

For fiscal year 1999/00, the County of Glenn's annual pension cost totaled \$0 for miscellaneous members and \$159,188 for safety members. The required contribution for fiscal year 1999/00 was determined as part of the June 30, 1998 actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of pay.

A summary of principle assumptions and methods used to determine the Annual Required Contribution is shown below:

Valuation Date	June 30, 1998
Actuarial Cost Method	Entry Age Actuarial Cost Method
Amortization Method	Level Percent of Payroll
Average Remaining Period	31 Years (35 years for the Safety Plan) as of
	the Valuation Date
Asset Valuation Method	3 Year Smoothed Market
Actuarial Assumptions	
Investment Rate of Return	8.25% (net of administrative expenses)
Projected Salary Increases	3.75% to 14.20% (3.75% to 11.59% for the
5	Safety Plan) depending on Age, Service, and
	type of employment

Notes to Financial Statements June 30, 2000

# Note 6: County Employees Retirement Plan (Defined Benefit Pension Plan) (continued)

# B. Funding Policy (continued)

Annual Pension Cost (continued)

Inflation	3.50%
Payroll Growth	3.75%
Individual Salary Growth	A merit scale varying by duration of
	employment coupled with an assumed
	annual inflation component of 3.50% and
	an annual production growth of 0.25%.

Initial unfunded liabilities are amortized over a closed period that depends on the plan's date of entry into CalPERS. Subsequent plan amendments are amortized as a level % of pay over a closed 20-year period. Gains and losses that occur in the operation of the plan are amortized over a rolling period, which results in an amortization of 10% of unamortized gains and losses each year. If the plan's accrued liability exceeds the actuarial value of plan assets, then the amortization payment on the total unfunded liability may not be lower than the payment calculated over a 30 year amortization period.

#### Note 7: Subsequent Events

#### Tax and Revenue Anticipation Note

In July 2000, the County issued a \$4,210,000 Tax and Revenue Anticipation Note. The funds were budgeted for operations. The note is due and payable on June 30, 2001 with interest at 4.0 percent.

#### Note 8: Prior Period Adjustments

The prior period adjustments in the proprietary funds were due to adjustments to correct beginning accumulated depreciation balances. The remaining prior period adjustments relate to corrections of prior year accruals.

#### Note 9: Expenditures in Excess of Appropriations

There were no governmental funds in which expenditures exceeded appropriations.

Notes to Financial Statements June 30, 2000

#### Note 10: Deficit Fund Balance or Retained Earnings

The following funds had deficit fund balances or retained earnings deficits at the end of the fiscal year:

Fund	Deficit
Solid Waste Closure	\$ (1,424,096)
Road	(320,103)

The Solid Waste Closure Fund deficit was due to the closure/post-closure care costs liability recorded in accordance with Government Accounting Standards Board Statement No. 18 <u>Accounting for Municipal Solid Waste Landfill Closure and Post-Closure Care Costs</u>.

#### Note 11: Segment Information for Enterprise Funds

The following Enterprise Funds have been created to provide various services to the general public:

Waste Disposal - Established to account for the operation of solid waste disposal.

Hospital - Established to account for the Glenn General Hospital.

Airport Funds - Established to account for the Orland and Willows Airports.

Segment information for these Enterprise Funds is summarized below for the fiscal year ended:

	_1	Solid Waste Disposal		Solid Waste <u>Closure</u>		Special Orland Aviation <u>Airport</u> Orland		Willows <u>Airport</u>		Special Aviation Willows		Glenn General Hospital		
Operating revenues Operating income (loss)	S	924,436 (227,973)	S	80,000 (51,952)	S	114,072 (46,974)	\$	(234)	\$	131,042 (42,296)	Ŝ	 941	\$	(59,968)

#### Notes to Financial Statements June 30, 2000

#### Note 12: Contingencies

#### **Grants**

The County participates in a number of grant programs funded, in whole or part, by federal, state and other sources. These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs for or including the year ended June 30, 2000, have not yet been conducted. Additionally, certain audits related to prior years have not been finalized. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

#### Litigation

There are lawsuits pending in which the County is involved. County Counsel has indicated that the potential claims against the County not covered by insurance resulting from such litigation would not materially affect the financial statements of the County.

#### Note 13: Risk Management

#### A. Golden State Risk Management Authority Group Medical, Dental and Vision Plans

The County is exposed to various risks of loss related to health care. On April 1, 1989, the County joined together with the City of Orland and Willows Cemetery District to form the Golden State Risk Management Authority Group Medical, Dental and Vision Plan, a public entity risk pool operating as a common risk management and insurance program for the three members.

#### B. Golden State Risk Management Authority Liability and Worker's Compensation Plans

The County is exposed to various risks of loss related to workers' compensation and property liability. The County and County special districts participate in a joint powers agreement which was established to provide coverage for worker's compensation and general liability exposures and to pay for the administration of the program. The Joint Powers Agreement established for its members the Golden State Risk Management Authority Liability and Worker's Compensation Plans.

The County currently reports all of its risk management activities in its General Fund. Premiums due to the Plan are reported when incurred. Each member of the Plan pays an annual premium to the insurance system which is evaluated each year. The Authority is shown in the County's records as an agency fund.

#### Notes to Financial Statements June 30, 2000

#### Note 13: Risk Management (continued)

## B. Golden State Risk Management Authority Liability and Worker's Compensation Plans (continued)

The agreement for the formation of the Plan provides that the system will be selfsustaining through member premiums and will reinsure through a commercial company for claims in excess of self-insured retention.

As defined by GASB Statement No. 10, the Authority is a "risk-sharing pool." The Plan manages one pool for all members. The arrangement allows its members to pool risks and funds and share in the cost of losses.

#### Note 14: Post-Retirement Benefits

In accordance with County procedure, the County pays post-retirement medical benefits for retirees who are eligible for retirement per Public Employee Retirement System guidelines. The retiree pays a percentage of the medical benefits. The benefits paid by the County are funded on a pay-as-you-go basis. At fiscal year end, 69 retirees were covered and the cost for the year ended June 30, 2000 was \$64.345.

#### Note 15: Closure/Postclosure

The County of Glenn has one landfill site. State and federal laws and regulations require the County to perform certain closure and postclosure maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfills stop accepting waste, the County reports a portion of these closure and postclosure care costs as an expenditure in each year based on landfill capacity used as of each balance sheet date. The estimated liability for landfill closure and postclosure care costs has a balance of \$2,636,686 as of June 30, 2000, which is based on 48.33% usage (filled) of the landfill. It is estimated that an additional \$2,818,903 will be recognized as closure and postclosure care costs between the date of the balance sheet and date the landfill is expected to be filled to capacity. At the rate of current use the landfill has an estimated remaining life of 31 years.

The estimated total current cost of the landfill closure and postclosure care (S5,455,589) is based on an amount that would be paid if all equipment. facilities, and services required to close, monitor, and maintain the landfill occurred as of June 30, 2000. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

#### Notes to Financial Statements June 30, 2000

#### Note 15: <u>Closure/Postclosure</u> (continued)

The County is required by federal and state laws to adequately fund landfill closure costs. The County has obtained commercial insurance to adequately fund closure of the landfill. The County has also obtained insurance against the possibility that landfill contaminants could be released into the water supply. Management believes the County is in substantial compliance with those requirements. At June 30, 2000, cash and investments of \$912,590 were held for these purposes. The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example) these costs may need to be covered by charges for future landfill users or from future tax revenue.

SUPPLEMENTARY INFORMATION

-

# **Special Revenue Funds**

Special revenue funds are used to account for the proceeds of specific revenues sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

# **Enterprise Funds**

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control accountability or other purposes.

## **Trust and Agency Funds**

Trust funds are used to account for assets held by the government in a trustee capacity. Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds. None of the Trust and Agency Funds are subject to budgeting of revenues and expenditures by the County. A description of the fund types included in this fund group are as follows:

Agency Funds account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the County, acting in the capacity of an agent, for distribution to other governmental units or other organizations.

**Investment Trust Funds** consisting of Pooled Investments and Specific Investments accounts for deposits, return of deposits, and payment of interest earned on deposits held on behalf of legally separate entities who participate in the County Treasurer's Investment Pool and those entities who have specific investments held by the County Treasurer.

## REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Supervisors and the Grand Jury County of Glenn Willows, California

We have audited the financial statements of County of Glenn as of and for the year ended June 30, 2000, and have issued our report thereon dated October 12, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether County of Glenn's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County of Glenn's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Supervisors and the Grand Jury County of Glenn Willows, California

#### Compliance

We have audited the compliance of County of Glenn with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2000. County of Glenn's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of County of Glenn's management. Our responsibility is to express an opinion on County of Glenn's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about County of Glenn's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on County of Glenn's compliance with those requirements.

In our opinion, County of Glenn complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2000.

81 1520 Eureka Road, Suite 100, Roseville, CA 95661 • www.bbr.net • (916) 784-7800 • (916) 969-7735 • FAX (916) 784-7850 1325 Airmotive Way, Suite 125, Reno, NV 89502 • (775) 323-7122 • FAX (775) 323-1174

Member: American Institute of Certified Public Accountants, Private Companies Practice Section, California Society of Certified Public Accountants, a member of Polaris International

Board of Supervisors and the Grand Jury County of Glenn

#### Internal Control Over Compliance

The management of the County of Glenn is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audits, we considered the County of Glenn's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the audit committee, management and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

## Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2000

#### 1. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the County of Glenn. The County of Glenn reporting entity is defined in Note 1 to the County's general purpose financial statements. All federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies are included in the schedule.

#### 2. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the cash basis of accounting, while the County's general purpose financial statements were presented using the modified accrual basis of accounting, which is described in Note 1 to the County's general purpose financial statements.

#### 3. Food Stamp Coupons

This County is under contract with the Sacramento Services and Development Corporation to issue and maintain inventory of food stamp coupons.

# 4. Office of Criminal Justice Planning Disclosure for Federal Grants
