California State Controller

**NEGOTIATION AGREEMENT  
COUNTYWIDE COST ALLOCATION PLAN**

**County of Glenn  
Willows, California**

**Date: September 26, 2014  
Filing Ref: GLE15**

Pursuant to federal Office of Management and Budget (OMB) Circular A-87, the State Controller's Office formally approves the Countywide Cost Allocation Plan as described in Section I for use in the **2014-15** fiscal year. This approval is subject to the conditions contained in Section III.

Departmental indirect cost proposals should clearly identify those costs that have been distributed through Sections I and II of this agreement in accordance with the guidelines of the responsible grantor agency for that department. Further, data processing systems may be subject to grantor agency approval prior to the reimbursement of certain costs allocated, billed, or cost applied from the Data Processing Department.

---

**SECTION I: COSTS DISTRIBUTED THROUGH COUNTYWIDE COST  
ALLOCATIONS**

---

The indirect overhead and support service costs listed in **Schedule A** (attached) are formally approved as actual costs for the **2012-13** fiscal year and as estimated costs for the **2014-15** fiscal year on a "fixed with carry-forward" basis. These costs may be included as part of the costs of the county departments indicated effective **July 1, 2014**, for further allocation to federal grants and contracts performed by the respective county departments.

---

**SECTION II: COSTS DISTRIBUTED THROUGH BILLING OR COST TRANSFER MECHANISMS**

---

**SECTION III: CONDITIONS**

---

**A. LIMITATIONS:** Use of the amounts contained in this Negotiation Agreement are subject to any statutory or administrative limitations and, when ultimately allocated to individual grants or contracts through the indirect cost proposals of each county department, are applicable only to the extent that funds are available. Acceptance of the amounts agreed to herein is predicated on the conditions: (1) that no costs other than those incurred by the county were included for distribution in its Countywide Cost Allocation Plan as finally accepted, and that such costs are legal obligations of the county and allowable under the governing cost principles, (2) that similar types of costs have been accorded consistent accounting treatment, and (3) that the information provided by the county that was used as the basis for acceptance of the amounts agreed to herein is not subsequently found to be materially incomplete or inaccurate.

**B. CHANGES:** Fixed amounts contained in this Negotiation Agreement are based on the organizational structure and the accounting system in effect at the time the proposal was submitted. Significant changes in the organizational structure or changes in the method of accounting for costs that materially affect the amount of reimbursement resulting from use of the amounts in this Negotiation Agreement will require prior approval of the authorized representative of the responsible negotiation agency. Failure to obtain such approval may result in subsequent audit disallowances.

**C. FIXED AMOUNTS:** The fixed amounts contained in Section I of this agreement are based on an estimate of the costs that will be incurred during the period to which the amounts apply.

When the actual costs for this period are determined, any differences between the fixed costs used as an estimate and the actual costs will be considered in a subsequent agreement.

**D. BILLED COSTS:** Charges for the services cited in Section II will be billed or cost applied in accordance with the procedures established by the county and recorded on the books of the cost center providing the service. Such charges will be based on the actual allowable costs, as defined by OMB Circular A-87, incurred by the cost center responsible for providing the service. Any differences between the billed allowable costs and the actual allowable costs for a particular accounting period will be considered in a subsequent agreement.

**E. NOTIFICATION TO STATE AND FEDERAL AGENCIES:** Copies of this document will be provided to other state and federal agencies as a means of notifying them of this approval.

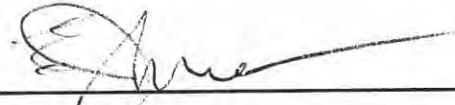

**F. SPECIAL REMARKS:** None.

COUNTY OF GLENN  
ANNUAL AUDIT

1/21/2014

**FY 12/13 Actual**

The costs associated with the countywide audit performed by an independent accounting firm are captured here.

Two functions are identified, Countywide Audit and Special Audits. The total cost represents the costs identified on the audit invoice.

1. COUNTYWIDE AUDIT: The function "Countywide Audit" includes those charges that are not directly identifiable to a specific department and are allocated based on relative budget size of the adopted budget.
2. SPECIAL AUDITS: The function "Special Audits" includes direct charges for specific audit services related to preparation of the annual Schedule of Expenditures of Federal Awards. Costs are allocated based on the relative single audit report size and subsequently offset by the direct billed cost of services.

BUILDING MAINTENANCE**

1/21/2014

**FY 12/13 Actual**

The cost associated with buildings and grounds maintenance was calculated on the Facilities Maintenance schedule based on time study records. The costs were shown as “unallocated” on the Facilities Maintenance schedule and have been transferred to a separate Building Maintenance schedule for allocation.

Building maintenance costs are spread to county buildings based on actual hours spent by each employee maintaining or repairing the premises. The resulting cost per building is further allocated to departments based on square footage. Buildings incurring a zero charge have been suppressed for printing.

The County directly bills departments for labor and materials used by the County Electrician. Credit has been applied to those departments that were direct billed.

DATA PROCESSING SERVICES**

1/21/2014

**FY 12/13 Actual**

The Data Processing service department contains vendor payments for the four major data processing applications: Property Taxes, Finance Network, Countywide Network and Countywide IT Pro-Support Services:

1. **PROPERTY TAX:** The costs associated with the property tax function are transferred to the two major users— Department of Finance and Assessor based on tax related direct salaries and benefits in each department.
2. **FINANCE NETWORK:** The costs associated with the accounting function are transferred directly to the Department of Finance.
3. **COUNTYWIDE NETWORK:** The costs associated with the countywide network function are transferred to all departments and special districts based on the relative budget size of the adopted budget. Effective with fiscal year 2013/14 this function will be reclassified from a general fund service department to an internal service fund and will be removed from the A-87 plan.
4. **COUNTYWIDE IT PRO-SUPPORT SERVICES:** The County entered in to an agreement with an outside vendor for technical countywide data processing and information technology services. Expenses are allocated to departments based on the actual hours provided by the vendor. Effective with fiscal year 2013/14 this function will be reclassified from a general fund service department to an internal service fund and will be removed from the A-87 plan.

The County directly bills departments for various data processing expenses. Credit has been applied to the affected departments.

Basis of Allocation : Number of Employees

**COUNTY OF GLENN  
DEPARTMENT OF FINANCE**

1/21/2014

**FY 12/13 Actual**

The Auditor-Controller and Treasurer-Tax Collector are combined to form a consolidated Department of Finance. The Auditor-Controller division is responsible for the following major functional areas: Budget preparation and assistance, Payroll, accounting and reporting, check processing, auditing and General Government: i.e., Tax Roll preparation. The Treasurer-Tax Collector division provides property tax processing, collections and investing services.

The department maintained time records during fiscal year 2012/2013 that reflect the amount of time spent working in these major functions. All costs of this department are distributed to functions based on their proportionate percentage of total time reflected on the time sheets.

The general administrative column in this schedule includes the time spent in providing a service where a specific allowable activity has not been assigned or where the supervision of more than one activity is involved. Such items as telephone reception expenses are allowable for plan purposes and are spread to the major functional areas based on salaries.

1. BUDGET & COST PLAN: This function is allowable for plan purposes and is allocated based on relative budget size of the adopted final budget.
2. PAYROLL: The payroll function allocates costs based on the number of employees in each department. Employee count information is taken from payroll reports.
3. ACCOUNTING: This function consists of time spent working with departments and special districts on various reports, special accounting projects, auditing and accounting for Social Services, Community Action, proprietary funds, Road, Health Services, special revenue funds, and debt funds. Time spent in preparing reports such as the County Financial Reports is also included in this function. This function is allocated based on time study records.
4. CHECK PROCESSING: Allocation is based on the number of checks and electronic benefits processed.
5. AUDITING: Internal audit costs are billed directly at the time the services are provided. This function is shown in the plan for memorandum purposes only. The Internal Auditor position has been vacant for the last few years and the County is currently in the recruitment process.
6. TAX ADMINISTRATION: The tax administration function is unallowable for A-87 distribution and is shown in the plan for memorandum purposes only.
7. GENERAL GOVERNMENT: The General Government function is unallowable and has been excluded from plan calculations.

Credit has been applied for those items that were direct billed during fiscal year 2012/13.

Basis of Allocation : Number of Physicals

**COUNTY OF GLENN  
EMPLOYEE BENEFITS**

1/21/2014

**FY 12/13 Actual**

The Employee Benefits department was established to account for countywide employee benefits that are not charged directly through the payroll process. The functions and the allocations are as follows:

1. PRE-EMPLOYMENT PHYSICALS – Costs are allocated to departments based on the number of physicals performed.
2. EMPLOYEE ASSISTANCE PROGRAM – Costs are distributed based on the number of employees.

The County directly bills departments for the pre-employment physicals and credit has been applied to the affected departments.

Basis of Allocation : Square Footage Occupied by Department

**COUNTY OF GLENN  
FACILITIES MAINTENANCE**

1/21/2014

**FY 12/13 Actual**

The Facilities Maintenance department provides maintenance and upkeep of County buildings, adjacent grounds, parks, boat launch facilities, community use halls, libraries and secured facilities. To insure a safe and clean working environment, this department oversees custodial services, purchasing of related supplies and administers contractual agreements for repairs, alterations and new construction of these facilities. This department is also responsible for writing and administering a variety of construction related grant projects. The following functions have been identified:

1. ADMIN DIRECT: This function accounts for administration support provided to departments. The costs are distributed based on percentage of effort captured on actual time sheets recorded in the Planning & Public Works CAMS (Cascade Account Management Software) system.
2. BUILDING MAINTENANCE: The costs for buildings and grounds maintenance was determined based on time study records. The total cost is shown as "Unallocated" on this schedule but is then transferred and recaptured on a separate Building Maintenance service department schedule. Building maintenance costs are spread to county buildings based on actual time study hours and further allocated to departments based on the occupied square footage.
3. JANITORIAL: The costs for janitorial services was determined based on time study records. The total cost is shown as "Unallocated" on this schedule but is then transferred and recaptured on a separate Janitorial service department schedule. Janitorial costs are spread to county buildings based on actual time study hours and further allocated to departments based on the occupied square footage.
4. UTILITIES: Effective with fiscal year 2012/13 utility expenses are paid by the departments directly at the time the payment is made to the vendor. This function represents residual expenses that were not transitioned to the departments for direct payment. The costs are distributed based on the actual square footage occupied by each department.

The Facilities department bills departments directly throughout the year for various services. Departments have been given credit for those items that were direct billed.

GENERAL INSURANCE**

**FY 12/13 Actual**

The budget unit was charged with the cost of the County's insurance premium from Golden State Risk Management Authority. These costs are allowable for plan purposes. The department's insurance cost is summarized and distributed in five functions called General Liability (exposure), Claims Liability (experience), Buildings, Auto and Watercraft Equipment.

1. GENERAL LIABILITY (EXPOSURE): The exposure / experience split for 2012-13 is 30%/70%. This was established by assigning the experience portion equal to the amount of the 7-year average claims history. The remaining 30% is the exposure portion. The exposure portion is allocated based on relative budget size of the adopted final budget.
2. CLAIM LIABILITY (EXPERIENCE): Experience is allocated based on the 7-year average claims history.
3. BUILDINGS: Building insurance costs are distributed based on the departmental square footage occupied by each department.
4. AUTO PREMIUM: The auto premium is a separate policy specifically covering Human Resource Agency owned vehicles. This is allocated to the Human Resource Agency based on direct costs of the premium.
5. WATERCRAFT EQUIPMENT: The watercraft equipment premium is also a separate policy specifically covering Sheriff's Boat Patrol equipment. This is allocated to the Boat Patrol program based on direct costs of the premium.
6. MOBILE EQUIPMENT: The mobile equipment premium is a separate policy specifically covering Road Department equipment. This is allocated to the Road Department based on direct costs of the premium.

The County is not self-insured but is a member of a risk sharing pool. The County's insurance is provided via Golden State Risk Management, Joint Powers Authority. The County has transferred any risk to Golden State Risk Management Authority. All administration is done by GSRMA and the County does not receive an actuarial report.

Social Services experienced a large liability claim due to a vehicle accident in fiscal year 2009-10. The claims experience distribution to Social Services will remain higher than normal until this expense works its way through the 7-year claims history which should occur in fiscal year 2016-17.

Golden State Risk Management Authority also covers the County's worker compensation insurance. The premium is split by Golden State on a 70% experience / 30% exposure calculation using on a 7-year average claims history. The experience portion is charged to departments on a quarterly basis outside of the A-87 plan. The exposure portion is charged to departments through the bi-weekly payroll process. Those departments that are required to prepare a quarterly expense claim to the State are including these expenses in their reports.

The County did not direct bill for these services in fiscal year 2012-2013.

**COUNTY OF GLENN  
PLANNING AND PUBLIC WORKS INTERNAL SERVICE FUND**

1/21/2014

**FY 12/13 Actual**

This fund is used to account for salaries and services and supplies incurred for the Public Works Agency which covers multiple departments. Costs are accumulated and charged to the various Public Works sub agencies. Rates are set in accordance to State of California Accounting Standards and Procedures For Counties outlined in the State Controller's Office Division of Accounting and Reporting manual dated MAY 2003.

There are several factors that determine where management and support staff spend their time and energy. The costs associated with these services, supplies and salaries provided to the Agency are distributed according to a set of assumptions, each given a percentage of overall impact (weight) to the whole. The first and most critical test is this:

In order for Services and Supplies to be charged to and distributed from the PPWA-ISF they must meet the following tests:

Costs must be beneficial to all operations, departments and functions in the Agency; and be so general in nature that they cannot be attributable to a specific operation, department or function. (i.e. – general office supplies, first aid supplies, utilities, associate dues)

Cost Distribution Factors:

10% - Number of employees - determined by actual allocated positions tied to the Salaries and Benefits budgeted in each fund.

10% - Non-payroll budget allocation - The budget allocations for non salaried expenses directly relate to the number of blue claims processed and the financial functions associated with each fund. All but exempted funds are included. Exempted funds are not limited to those auxiliary funds used for grant fund tracking, Transportation Commission, vehicle equipment reserves, solid waste closure, and capital construction. If staff have hours charged to these functions, funds, etc. they are included in the allocation but are exempt from any non labor costs. These funds are directly billed using journal entries and or traditional invoices dependant on whether or not we manage the funds.

35% - Direct billed hours - The number of hours that staff directly attributed to an operation, functions, funds, etc. indicates the level of activity involved in the management of that operation. Hours are documented on supervisor approved timecards.

45% - Direct cost - All hours are billed at an actual cost recovery rate specific to each staff person in accordance to the State of California Cost Accounting guidelines. The cost per billable hour gives consideration to those operations that may not require a high number of staff support hours but does require higher level, professional staff. Hours are documented on supervisor approved timecards.

Using the above criteria PPWA-ISF costs are calculated, distributed and recovered on a monthly basis against a Year to Date adjusted balance that takes into consideration the costs recovered in prior periods. In reference to the annual year end allocation of costs an adjustment line is used in the ISF calculation worksheet to reduce the total expenditures to be collected in order to balance to the General Ledger Budget to Actual report.

JANITORIAL SERVICES**

1/21/2014

**FY 12/13 Actual**

The cost associated with janitorial services was calculated on the Facilities Maintenance schedule based on time study records. The costs were shown as “unallocated” on the Facilities Maintenance schedule and have been transferred to a separate Janitorial Services schedule for allocation.

Janitorial Services costs are spread to county buildings based on actual hours spent by each employee maintaining or cleaning the premises. The resulting cost per building is further allocated to departments based on square footage. Buildings incurring a zero charge have been suppressed for printing.

The County directly bills departments for labor and materials used by the custodial staff. Credit has been applied to those departments that were direct billed.

Basis of Allocation : Number of Employees

**COUNTY OF GLENN  
PERSONNEL**

1/21/2014

**FY 12/13 Actual**

The Personnel Department costs are allowable for cost plan purposes. There are two functions within the Personnel department: Personnel and Arbitration. The Personnel Director has also been appointed to act as the County Safety Officer. Expenses related to the safety program have been eliminated with an interfund revenue cost adjustment reduction on the Costs to be Allocation Schedule 7.02.

1. PERSONNEL: Personnel services are allocated based on the number of employees working in each department. The employee count information is taken from payroll reports.
2. ARBITRATION: A separate function has been created to allocate arbitration costs to the specific department(s) receiving the services.

The Personnel department bills departments directly throughout the year for various services including advertising, recruitment and arbitration services. Departments have been given credit for those items that were direct billed.
