BOARD OF DIRECTORS AGENDA BACKUP MATERIALS

MEETING DATE: January 13, 2020

AGENDA ITEM 1: CALL TO ORDER

The Chairperson will call the meeting to order. Introductions may also be made.

AGENDA ITEM 2: ROLL CALL

Roll call will be conducted.

AGENDA ITEM 3: APPROVAL OF MINUTES

- a. *Approval of CGA/GGA Joint Board meeting minutes from October 30, 2019.
- b. *Approval of meeting minutes from November 12, 2019.

Draft meeting minutes are attached.

Joint Colusa Groundwater Authority and Glenn Groundwater Authority Board of Directors

October 30, 2019 | 1:00 p.m.

Sites Project Office, 122 Old Highway 99, Maxwell, CA 95955

MINUTES

** Indicates action item*

In Attendance:

Colusa Groundwater Authority:

Director Members Present:	Alternate/2 nd Alternate Directors	Agency Representing:
Denise Carter	Gary Evans	County of Colusa
Tom Reische	Dave Markss	City of Colusa
X Alfred Sellers, Jr.	Sajit Singh	City of Williams
X Blake Vann	Thad Bettner	Glenn Colusa Irrigation District
X Knute Myers	X Shelly Murphy	Colusa County Water District
X Jim Campbell	Lance Boyd	Princeton-Codora-Glenn Irrigation District
Zach Dennis	Dan Ruiz	Westside Water District
X Hilary Reinhard	X Bill Vanderwaal	Reclamation District 108
X Charles Marsh	Derrick Strain	Reclamation District 479
X Jim Wallace	Lynell Pollock	Colusa Drain Mutual Water Company
X Darrin Williams		Private Pumper
Jeff Moresco		Private Pumper
Chris Dobson	Dan Ruiz	Maxwell Irrigation District
Jim Campell	Lance Boyd	Provident Irrigation District

Glenn Groundwater Authority:

Director Members Present:	Alternate/2 nd Alternate Directors	Agency Representing:
X John Viegas	X Vince Minto	County of Glenn
Bruce Roundy	X Pete Carr	City of Orland
	Ed Vonasek	City of Orland
X Gary Hansen	Evan Markey	City of Willows
George Nerli	X Leslie Nerli	Glide Water District
X John Amaro	Thad Bettner	Glenn-Colusa Irrigation District
X Charles Schonauer	X Emil Cavagnolo	Orland-Artois Water District
	Andrea Jones	Orland-Artois Water District
X Randy Hansen	Wade Danley	Kanawha Water District
	Michael Alves	Kanawha Water District
X Mark Lohse	Seth Fiack	Monroeville Water District
Gary Enos	Lance Boyd	Princeton-Codora-Glenn Irrigation District/ Provident Irrigation District

Others in Attendance: Lisa Hunter, GGA/Glenn County; Mary Fahey, CGA; Del Reimers, landowner/stakeholder; Valerie Kincaid, GGA Counsel; Sharla Stockton, Glenn County; Dave Ceppos, Consensus and Collaboration Program; Ken Loy, West Yost Associates; Byron Clark, Davids Engineering; Oscar Serrano, Colusa Indian Community; Stephen Marsh, landowner/stakeholder; Elain Rominger, landowner/stakeholder; Susan Meeker, Press – Williams Pioneer Review

1. Call To Order and Determination of Quorum

- a. Pledge
- b. Roll Call
- c. Introductions of others in attendance

Hilary Reinhard, CGA Vice-Chair, called the meeting to order at 1:00 PM. Roll was taken as indicated above and audience members introduced themselves.

2. Period Of Public Comment

Emil Cavagnolo stated Orland-Artois Water District is working on a grant application through the Northern Sacramento Valley Integrated Regional Water Management program and would like the Glenn Groundwater Authority (GGA) and Colusa Groundwater Authority (CGA) to consider a support letter for their application. The deadline for a support letter is December 6, 2019. Staff from each agency will include an agenda item at a future board meeting to consider this item.

3. * Consider recommendation from the Joint CGA/GGA Technical Advisory Committee regarding selection of a Consultant Team to provide services for the development of the Colusa Subbasin Groundwater Sustainability Plan

Lisa Hunter reviewed the staff report included in the meeting materials. The staff report outlines the process of consultant selection including submission of written proposals, interviews, and clarifying questions/reference checks. The Joint CGA/GGA Technical Advisory Committee recommends Davids Engineering, Inc. to complete the remainder of the Groundwater Sustainability Plan (GSP) development for the Colusa Subbasin. Darrin Williams added that it was a difficult decision. A separate motion was made by each GSA to select Davids Engineering, Inc. to complete work on the Colusa Subbasin GSP.

CGA-Motion: Blake Vann, Second: Knute Myers, Vote: Unanimous

GGA-Motion: Gary Hansen, Second: John Viegas, Vote: Unanimous

4. Sustainable Groundwater Management (SGM) Round 3 (Proposition 68) Grant Proposal

- a. Update on status of SGM Round 3 (Proposition 68) grant proposal
- b. * Colusa Groundwater Authority consideration of sharing the costs of consultant services to prepare a grant application for SGM Round 3 (Proposition 68) grant funding
- c. * Consider Approval of Resolution 2019-06 authorizing the Colusa Groundwater Authority to serve as the grant applicant for the Sustainable Groundwater Management (SGM) grant program, round 3 funding for GSP development on behalf of the GSAs in the Colusa Subbasin

Mary Fahey reviewed the staff report included in the meeting packet and emphasized the short timeline for submitting a Proposition 68 grant application. She noted in order to continue moving forward, the CGA and GGA program managers have been working very closely to complete the necessary items. The CGA Board informally agreed at a previous meeting to pursue Proposition 68 funding and assigned an ad hoc committee to review this opportunity. The GGA took action at a previous meeting to enter into a contract with Davids Engineering to write the proposal in good faith, anticipating the CGA would share the consultant costs, and approved a Resolution authorizing the GGA to serve as the grant applicant on behalf of the GSAs in the Colusa Subbasin. Both the CGA and GGA Boards have stated intentions to be full partners in this endeavor. The deadline to submit the proposal has been extended from November 1 to November

15, 2019. Although the GGA initially volunteered to be the grant applicant, DWR recently clarified that if the Colusa Subbasin was awarded Proposition 68 grant funding, they would amend the current Proposition 1 GSP grant Agreement. Because the CGA is the grant applicant for that Agreement, it would be necessary to have the CGA serve as the grant applicant for this opportunity.

There was some discussion on the projects and ideas being considered in the Proposition 68 proposal. The projects and topics discussed include a voluntary well monitoring/metering pilot program, Airborne Electromagnetic Surveys, a more robust evaluation of the Groundwater Dependent Ecosystem (GDE) portion of the GSP, the development of a suite of funding mechanisms, groundwater recharge project evaluations, and the groundwater to surface water interaction portion of the GSP. Discussion took place regarding finishing the GSP, particular cost estimates of each project/project scope, data gaps in general and the lack of information on the west side of the subbasin.

It was the general consensus that the project scope should be flexible enough to accommodate data collection in a way that suits the needs of the basin at the time of implementation cost-effectively. If acceptable to DWR, the data gap section should include a suite of options that may be filled during the project depending on the particular needs, priorities, and costs. It was also noted that the potential tasks discussed were scalable and may be completed in phases if needed. Covering all costs of GSP development remains the highest priority. The additional priorities written into the staff report were acceptable to the board members.

There was a motion for CGA to approve sharing the cost of preparing the SGM Round 3 (Proposition 68) grant application with the GGA.

CGA-Motion: Darin Williams, Second: Blake Vann, Vote: Unanimous

There was a motion to approve Resolution 2019-06 authorizing the CGA to serve as the grant applicant for the SGM grant program round 3 funding for GSP development on behalf of the GSAs in the Colusa Subbasin.

CGA-Motion: Darin Williams, Second: Blake Vann, Vote: Unanimous

5. BOARD WORKSHOP: Groundwater Sustainability Plan Development

Dave Ceppos from Sacramento State Consensus and Collaboration Program kicked off the Joint Board Workshop Program by providing an overview of Sustainable Management Criteria, Sustainability Goals, Significant and Unreasonable Conditions and Management Areas, among other topics. The Boards focused on understanding definitions and examples of Sustainable Management Criteria and how they might apply to the Colusa Subbasin. Sustainability Indicators were discussed using different theoretical scenarios and factors to consider when setting Minimum Thresholds and Measureable Objectives for various indicators. Recognizing the variability throughout the Colusa Subbasin for each Sustainability Indicator also creates challenges that will need to be considered.

6. Member Reports and Comments

None

7. Adjourn

The meeting was adjourned at 4:10 PM.

Groundwater Sustainability Agency

PO Box 351, Willows, CA 95988 | 530.934.6501

MEETING MINUTES

GLENN GROUNDWATER AUTHORITY BOARD OF DIRECTORS

NOVEMBER 12, 2019

1:30 PM

702 NORTH COLUSA STREET, WILLOWS, CA 95988

Director Members Present:	Alternate/2 nd Alternate Directors	Agency Representing:
X John Viegas	Vince Minto	County of Glenn
X Bruce Roundy	Pete Carr	City of Orland
	Ed Vonasek (2 nd)	City of Orland
X Gary Hansen	Evan Markey	City of Willows
George Nerli	X Leslie Nerli	Glide Water District
X John Amaro	Thad Bettner	Glenn-Colusa Irrigation District
X Charles Schonauer	X Emil Cavagnolo	Orland-Artois Water District
	X Andrea Jones (2 nd)	Orland-Artois Water District
X Randy Hansen	Wade Danley	Kanawha Water District
	Michael Alves (2 nd)	Kanawha Water District
X Mark Lohse	Seth Fiack	Monroeville Water District
Gary Enos	Lance Boyd	Princeton-Codora-Glenn Irrigation District/ Provident Irrigation District

Others in attendance:

Lisa Hunter, GGA/Glenn County; George Pendell, Stony Creek; Holly Reimers; Del Reimers; Dave Weaver; Gwynn Turnbull Weaver; Valerie Kincaid, GGA Counsel (via phone); Brandon Davison, DWR ; Sharla Stockton, Glenn County

1. CALL TO ORDER

John Amaro called the meeting to order at 1:30 PM.

2. ROLL CALL

Roll was taken and is indicated above.

3. APPROVAL OF MINUTES

- Approval of meeting minutes from September 9, 2019.
- Approval of meeting minutes from October 14, 2019.
- Approval of CGA/GGA Joint Board meeting minutes from October 30, 2019.

The meeting minutes from the CGA/GGA Joint Board meeting on October 30 were not available and will be considered at a future meeting. The meeting minutes for September 9 and October 14 were approved as submitted.

Motion: Leslie Nerli, Second: Gary Hansen, Vote: Unanimous

4. PERIOD OF PUBLIC COMMENT

None

5. STAFF UPDATE

Lisa Hunter provided the Board with a Program Manager Report. Ms. Hunter highlighted an invoice was sent to the Colusa Groundwater Authority for HCM/Water Budget project reimbursement in the amount of \$51,228.99. She also received clarifications from the Glenn County Department of Finance that the charge to include the GGA fee on the tax roll may be significantly less than expected. The confirmation letter has been sent to the Monroeville Water District for joining the GGA. She also highlighted the outreach opportunities and speaking engagements that have occurred recently. She thanked the board members for their willingness to support the meetings that concluded the facilitation support services funded by DWR that ended October 31, 2019. Regarding the long-term funding, the final corrected roll contained 5,577 parcels for a total of \$450,499.80.

6. FINANCIAL REPORT

- a. Review and accept Monthly Activities Report.
- b. Review and consider approval of claims.

The Board reviewed the Monthly Activities Report and Claims Summary.

A motion was made to approve the Monthly Activities Report as presented.

Motion: Gary Hansen, Second: John Viegas, Vote: Unanimous

A motion was made to approve the claims as presented.

Motion: Randy Hansen, Second: John Viegas, Vote: Unanimous

7. 2018/2019 ANNUAL AUDIT

Lisa Hunter reported she met with CliftonLarsonAllen (CLA) staff October 17, 2019 to review documentation. Initial testing did not indicate any concerns.

8. GROUNDWATER SUSTAINABILITY PLAN

- a. Authorize the Chairman to negotiate and execute a contract with Davids Engineering, Inc. to provide services for the development of the Colusa Subbasin Groundwater Sustainability Plan not to exceed \$840,000.

Lisa Hunter stated background material recognizing the process to get to the contracting phase is in the meeting packet. Ms. Hunter stated the proposal work plan, budget, and schedule will be used as a basis for building the contract. She recommended utilizing the Davids Engineering standard contract for the general terms, as has been done in past projects. Refining the work plan, budget, and schedule will take place as well and be coordinated with both Davids Engineering and the Colusa Groundwater Authority staff. There was a motion to authorize the Chairman to negotiate and execute a contract with Davids Engineering, Inc. to provide services for the development of the Colusa Subbasin Groundwater Sustainability Plan not to exceed \$840,000.

Motion: Gary Hansen, Second: Bruce Roundy, Vote: Unanimous

9. PROPOSITION 68 GRANT FUNDING APPLICATION

- a. Receive update on the Proposition 68 grant funding application and provide direction as needed.

- b. Authorize the Chairman to execute a letter indicating support for the Colusa Groundwater Authority to serve as the applicant on behalf of the Colusa Subbasin Groundwater Sustainability Agencies for the Proposition 68 grant application.

Ms. Hunter indicated that at the October 14, 2019 meeting, the Board initially felt it necessary to take the lead on the application due to the timing. As was discussed at the October 30, 2019 Joint CGA/GGA Board Meeting, DWR clarified it would be possible to amend the existing Proposition 1 grant agreement if awarded this new funding opportunity rather than enter into a separate agreement. The Colusa Groundwater Authority currently holds the agreement for the Proposition 1 grant, and as such, would be the more suitable agency to submit a grant application. Ms. Hunter suggested the GGA provide DWR with a letter supporting the Colusa Groundwater Authority to serve as the grant applicant for the Proposition 68 funding application.

A motion was made to authorize the Chairman to execute a letter indicating support for the Colusa Groundwater Authority to serve as the applicant on behalf of the Colusa Subbasin Groundwater Sustainability Agencies for the Proposition 68 grant application.

Motion: Leslie Nerli, Second: John Viegas, Vote: Unanimous

10. CONSIDER PROVIDING A LETTER OF SUPPORT FOR THE ORLAND-ARTOIS WATER DISTRICT PROJECT TO BE INCLUDED IN THE NORTHERN SACRAMENTO VALLEY INTEGRATED REGIONAL WATER MANAGEMENT GROUP FUNDING APPLICATION

Emil Cavagnolo reviewed the Canal Pre-Screen Project and purpose of the support letter. He stated the canal pre-screen is intended to improve the surface water quality so surface water is more accessible and there is less dependence on groundwater. There was a motion to provide a support letter for the Orland-Artois Water District Canal Pre-Screen project to be included in the Proposition 1, Round 1 Northern Sacramento Valley Integrated Regional Water Management grant application.

Motion: Leslie Nerli, Second: Randy Hansen, Vote: Unanimous

11. CONSIDER APPROVAL OF 2020 BOARD MEETING SCHEDULE

Lisa Hunter reviewed the current board meeting schedule and the proposed 2020 board meeting schedule. The Board generally meets the 2nd Monday of each month at 1:30 pm. She noted there is a standing conflict with the Northern California Water Association's (NCWA) Groundwater Management Task Force quarterly meetings that the Board may want to consider while finalizing the meeting schedule. Ms. Hunter also requested feedback on the meeting location. Gary Hansen suggested the Willows City Council as a larger venue if needed. For now, the Board suggested having regular meetings remain at the Agricultural Department. A motion was made to approve the meeting schedule with the recommended changes to avoid conflicts noted on the draft meeting schedule.

Motion: Leslie Nerli, Second: Chuck Schonauer, Vote: Unanimous

12. COMMITTEE UPDATES

a. Executive Committee

i. CGA/GGA Joint Executive Committee

The GGA Executive Committee did not meet and has nothing new to report. The CGA/GGA Joint Executive Committee has not met since the September 4, 2019.

b. Stakeholder Engagement Committee

The Stakeholder Engagement Committee has not met and there is nothing new to report.

c. Technical Advisory Committee

The Joint CGA/GGA TAC met October 16, 2019 and has been focused on the GSP development consultant selection process and Proposition 68 projects.

d. West Side Ad Hoc Committee

The West Side Ad Hoc Committee met October 21, 2019 to continue brainstorming potential ideas to address landowner concerns in the western portion of the basin. Gwynn Turnbull Weaver shared an idea to use a conservation incentive payment for not using groundwater. She believes many landowners are not happy about the fee and does not feel it is equitable and hopes through this process a plan for west side landowners can still be a possibility.

13. CLOSED SESSION

Gov't Code §54956.9 - Conference with Legal Counsel – Anticipated or significant exposure to litigation (1)

John Amaro recessed the Board to Closed Session and the Board conferred with Legal Counsel on anticipated or significant exposure to litigation. Mr. Amaro reconvened the Board to Open Session. No reportable action was taken.

14. MEMBER REPORTS AND COMMENTS

None

15. NEXT MEETING

The next meeting is scheduled for December 9, 2019 at 1:30 PM.

16. ADJOURN

The meeting was adjourned 3:06 PM.

Glenn Groundwater Authority

Groundwater Sustainability Agency

PO Box 351, Willows, CA 95988 | 530.934.6501

AGENDA ITEM 4: PERIOD OF PUBLIC COMMENT

Members of the public are encouraged to address the GGA Board of Directors. Public comment will be limited to 5 minutes.

AGENDA ITEM 5: STAFF UPDATES

The program manager will provide a brief status updates. Reminders and/or clarifications may also be made at this time.

AGENDA ITEM 6: FINANCIAL REPORT

- a. *Review and accept Monthly Activities Report.
- b. *Review and consider approval of claims.

The Monthly Activities Report and Claims Summary are attached.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Glenn Groundwater Authority
Groundwater Sustainability Agency
Willows, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund, of the Glenn Groundwater Authority Groundwater Sustainability Agency (the Authority), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Authority, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule on pages 3 and 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated [DATE] on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Roseville, California

[DATE]

REQUIRED SUPPLEMENTARY INFORMATION

DRAFT REPORT
FOR DISCUSSION
PURPOSES ONLY

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

This section of Glenn Groundwater Authority Groundwater Sustainability Agency's (the Authority), annual financial report provides an overview of the Authority's financial activities for the fiscal year ended June 30, 2019. This section should be read in conjunction with the Authority's financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year include the following:

- The assets and deferred outflows of resources of the Authority exceeded its liabilities and deferred inflows of resources at June 30, 2019 by \$477,368.
- The Authority's total assets increased by \$208,651.

AUTHORITY HIGHLIGHTS

- Proposition 218 Property Related Fee process (Public Hearing and consideration of adoption of fee on July 8, 2019)
- Member agency contribution requirements ended this fiscal year (inter-governmental revenue)
- Groundwater Sustainability Plan (GSP) Projects in process
 - Hydrogeologic Conceptual Model and Water Budget Project
 - Request for Proposals process for remaining tasks for Colusa Subbasin GSP development
- Continuing obligations for agency business and public participation (Board meetings, public outreach events, coordination with neighboring agencies, etc)

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of three components, government - wide financial statements, fund financial statements, and notes to the basic financial statements. This report also includes additional required supplementary information in addition to the basic financial statements.

REQUIRED FINANCIAL STATEMENTS

Government-Wide Financial Statements are designed to provide readers with a broad overview of Authority finances, in a manner similar to a private-sector business.

The *Statements of Net Position* include information on the Authority's assets and liabilities and provide information about the nature and amounts of investments in resources (assets) and the obligations to Authority creditors (liabilities). Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

REQUIRED FINANCIAL STATEMENTS (CONTINUED)

The *Statements of Activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the Authority that are principally supported by intergovernmental revenues (governmental activities). The governmental activities of the Authority are Groundwater Sustainability Agency activities in compliance with the Sustainable Groundwater Management Act and related groundwater sustainability activities. There are no business-type activities.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and to demonstrate finance-related legal compliance. The Authority's fund is a *governmental fund*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as of balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Authority's near-term requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate comparison between governmental funds and governmental activities.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found immediately following the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the Authority's budgetary comparative information for the general fund.

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The *Statement of Net Position* provides information about the financial position of the Authority as a whole, including all capital assets and liabilities on the full accrual basis. Over time, increases or decreases in the Authority's net position may serve as one useful indicator of the Authority's overall financial position. In the case of the Authority, total assets and deferred outflows exceeded liabilities and deferred inflows by \$477,368 as of the close of the fiscal year. This amount is the total net position as of June 30, 2019.

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

The increase in agency contributions is mostly attributable to agreed-upon member agency contributions and interest received. Expenses in the current year increased over the prior year due to increased Groundwater Sustainability Plan development tasks, increased administrative support, and increased professional services.

Government-Wide Financial Statements are presented on an “*economic resources*” measurement focus and on the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid.

BUDGETARY HIGHLIGHTS

Total expenditures were \$189,346 under budget. Professional service contracts and special department expenses were underspent.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

A five-year estimated budget was developed during the Proposition 218 Property-Related Fee process which will be used to guide setting the annual budget. Factors include estimating administrative costs, insurance, legal fees, professional services, Groundwater Sustainability Plan development costs (examples: technical support, public outreach, studies, writing the plan) including reimbursement of costs from grants when possible, and other related tasks.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview for those who are interested in the Authority's financial position. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: Program Manager, Glenn Groundwater Authority, 720 N. Colusa Street, Willows, CA 95988

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Glenn Groundwater Authority Groundwater Sustainability Agency (the Authority) was created by forming a Joint Exercise of Powers Agreement, signed by nine local agencies, with the purpose of being a Groundwater Sustainability Agency for the Glenn County portion of the Colusa Subbasin, which is part of the Sacramento Valley Groundwater Basin.

The State of California under the Sustainable Groundwater Management Act (SGMA) law requires all lands within a high or medium priority designated groundwater basin to be covered by a Groundwater Sustainability Plan developed by Groundwater Sustainability Agencies that must be completed by January 31, 2022 in non-critically over drafted basins. These plans will require steps to achieve and maintain sustainability of groundwater conditions for all parts of the basins throughout California, and will potentially require data collection and management actions such as requiring meters, reporting of groundwater use, and a plan to recharge depleted aquifers.

Glenn Groundwater Authority Member Agencies include:

- City of Orland
- City of Willows
- County of Glenn
- Glenn-Colusa Irrigation District
- Glide Water District
- Kanawha Water District
- Orland-Artois Water District
- Princeton-Codora-Glenn Irrigation District
- Provident Irrigation District

The basic financial statements present information on the financial activities of the Authority. The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

B. Basis of Presentation and Accounting

Government-Wide Statements

The statement of net position and statement of activities display information about the primary government (the Authority). These statements include the financial activities of the overall Authority.

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019**

The statement of activities demonstrates the degree to which program expenses of a given function are offset by program revenues. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated indirect expenses. Program revenues include Agency contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented instead as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the Authority gives (or receives) value without directly receiving (or giving) equal value in exchange, include intergovernmental revenues. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Fund Financial Statements

The Authority is engaged in a single-governmental activity and has only a general fund. The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available (susceptible to accrual). Revenues are accrued when their receipt occurs within sixty days after the end of the accounting period so as to be measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting.

C. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Fund Balances – Governmental Fund Financial Statements

Beginning with the fiscal year 2018, the Authority implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that cannot be spent because they are either not spendable in form or legally or contractually required to remain intact.
- Restricted fund balance – amounts with constraints placed on their use by those external to the Authority, including creditors, grantors, contributors or laws and regulations of other governments. It also includes constraints imposed by law through constitutional provisions or enabling legislation.
- Committed fund balance – amounts that can only be used for specific purposes determined by formal action of the Authority's highest level of decision-making authority (the Authority) and that remain binding unless removed in the same

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019**

manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.

- Assigned fund balance – amounts that are constrained by the Authority's intent to be used for specific purposes. The intent can be established at either the highest level of decision making or by a body or an official designed for that purpose.
- Unassigned fund balance – the residual classification that includes amounts not contained in the other classifications.

The Authority's governing board establishes, modifies, or rescinds fund balance commitments and assignments by passage of a resolution. When restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, followed by unrestricted committed, assigned, and unassigned resources as they are needed.

NOTE 2 CASH AND INVESTMENTS

Cash and investments at June 30, 2019 consisted of the following:

Cash in County Treasury	<u>\$504,955</u>
-------------------------	------------------

The Authority maintains all of its cash and investments with the County of Glenn in an investment pool. On a quarterly basis, the Department of Finance allocates interest to participants based upon their average daily balances. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County of Glenn's financial statements may be obtained by contacting the County Glenn Department of Finance office at 516 W. Sycamore Street Willows, CA 95988.

GASB Statement No. 40 requires additional disclosures about a government's deposits and investment risks that include credit risk, custodial risk, concentration risk, and interest rate risk. The Authority has no deposit or investment policy that addresses a specific type of risk.

Required disclosures for the Authority's deposit and investment risks at June 30, 2019 were as follows:

Credit risk	Not rated
Custodial risk	Not applicable
Concentration of credit risk	Not applicable
Interest rate risk	1.92 years

Investments held in the County's investment pool are available on demand and are stated at cost plus accrued interest, which approximates fair value.

NOTE 3 RELATED PARTY TRANSACTIONS

The Authority's staff is under contract by Glenn County. During the fiscal year ended June 30, 2019, the Authority paid these departments \$104,716 for administrative services.

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 4 RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions and natural disasters. The Authority is covered from risk of loss by Golden State Risk Management.

**GLENN GROUNDWATER AUTHORITY
GROUNDWATER SUSTAINABILITY AGENCY
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
YEAR ENDED JUNE 30, 2019**

NOTE 1 BUDGET AND BUDGETARY REPORTING

The Authority prepares and legally adopts a final budget on or before June 30 of each fiscal year. The Authority operation, commencing July 1, is governed by the proposed budget, adopted by the Board of Directors in June of the prior year.

After the budget is approved, the appropriations can be added to, subtracted from, or changed only by Authority resolution. All such changes must be within the revenues and reserves estimated as available in the final budget or within revised revenue estimates as approved by the Authority.

An operating budget is adopted each fiscal year on the modified accrual basis. Additionally, encumbrance accounting is utilized to assure effective budgetary control. Encumbrances outstanding at year-end represent the estimated amount of the expenditures ultimately to result if the unperformed contracts in process at year-end are completed or purchased commitments satisfied. Such year-end encumbrances are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year and included in the subsequent year's budget. Unencumbered appropriations lapse at year-end.

The legal level of budgetary control (the level on which expenditures may not legally exceed appropriations) is at the object level. Object category levels of expenditures are as follows: salaries and benefits, services and supplies, and other charges.

OTHER REPORT

DRAFT REPORT
FOR DISCUSSION
PURPOSES ONLY

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Glenn Groundwater Authority
Groundwater Sustainability Agency
Willows, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Glenn Groundwater Authority Groundwater Sustainability Agency (the Authority) as of and for the year ended June 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated [DATE].

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Glenn Groundwater Authority

Groundwater Sustainability Agency

PO Box 351, Willows, CA 95988 | 530.934.6501

AGENDA ITEM 8: PRESENTATION ON OVERVIEW OF POTENTIAL WATER BANKING PARTNERSHIPS WITH SOUTH VALLEY WATER RESOURCES AUTHORITY (Scott Hamilton, Ph.D., Executive Director and Jim Graydon, Woodard and Curran)

Staff met with Mr. Scott Hamilton previously to discuss the potential for water banking opportunities in the region. He has reached out to several agencies in the area to share his thoughts on finding mutually beneficial arrangements for water banking that may also help achieve GSA sustainability goals. Mr. Hamilton provided a similar presentation to the Colusa Groundwater Authority Board in November 2019. If desired, the board could request staff and/or a committee to further research these potential opportunities.

AGENDA ITEM 9: COLUSA SUBBASIN GROUNDWATER SUSTAINABILITY PLAN

Receive updates and provide direction as needed.

Staff will provide an update on Groundwater Sustainability Plan development progress.

AGENDA ITEM 10: PROPOSITION 68 GRANT FUNDING APPLICATION

Receive update on the Proposition 68 grant funding application and provide direction as needed.

Staff will provide an update on the SGM Planning Round 3 (Proposition 68) grant funding application. The application was submitted prior to the November 15, 2019 deadline requesting \$999,600. DWR indicated the amount of requested funding is very close to the amount of funding available.

Schedule:

- Grant Solicitation Closes: November 15, 2019 (complete)
 - Public Review of Draft Funding List: January 2020
 - Final Awards: March 2020
-

AGENDA ITEM 11: COMMITTEE UPDATES

a. Executive Committee

i. CGA/GGA Joint Executive Committee

The GGA Executive Committee did not meet and has nothing new to report.

The CGA/GGA Joint Executive Committee has not met since the September 4, 2019 meeting and has nothing new to report.

Glenn Groundwater Authority

Groundwater Sustainability Agency

PO Box 351, Willows, CA 95988 | 530.934.6501

b. Stakeholder Engagement Committee

The Stakeholder Engagement Committee has not met and has nothing to report.

c. Technical Advisory Committee

The Technical Advisory Committee has not met and has nothing new to report.

d. West Side Ad Hoc Committee

The West Side Ad Hoc Committee is preparing a report to submit to the Board summarizing the discussions that have taken place within the committee and recommendations for the Board's consideration.

AGENDA ITEM 12: CLOSED SESSION

Gov't Code §54956.9 - Conference with Legal Counsel – Anticipated or significant exposure to litigation (1)

AGENDA ITEM 13: MEMBER REPORTS AND COMMENTS

Members of the GGA Board are encouraged to share information, reports, comments, and suggest future agenda items. Action cannot be taken on items brought up under this item.

AGENDA ITEM 14: NEXT MEETING

The next regular meeting is scheduled for February 10, 2020 at 1:30 PM.

AGENDA ITEM 15: ADJOURN
