FOR IMMEDIATE RELEASE
Date: March 27, 2020

Glenn County has First Confirmed COVID-19 Case

GLENN COUNTY, Calif.- Glenn County Health Public Health has received lab confirmation of its first case of Novel Coronavirus Disease 2019 (COVID-19) in Glenn County.

The individual who tested positive for COVID-19 is over the age of 65 and resides in the north part of the county. They have a travel history to an area with known community transmission. Currently they are recovering in isolation at home.

As of today at 10 AM we have the following case count:

- Confirmed cases (1)
- Negative test results (9)
- Total Tested (10)

Glenn County Public Health is taking these results very seriously and will release any information we can to keep the community informed. However, the privacy of the patients is of utmost priority.

Public Health will be deploying the mobile clinic trailer to Glenn Medical Center to provide an exterior triage area. Glenn Medical Center will continue to see and treat all patients with new processes in place.

It is very important to abide by the stay at home order as we begin to see illness in our community.

For additional information visit the state website: <https://covid19.ca.gov/>, our local webpage: www.countyofglenn.net/COVID19, call Public Health at 934-6588, Butte-Glenn 2-1-1, or access us on Facebook: [Glenn County Health & Human Services Agency](#) or [Glenn County Sheriff's Office](#).
