

COUNTY OF GLENN

INDEPENDENT CONTRACTOR QUESTIONNAIRE

The Public Employees' Pension Reform Act of 2013 requires that CalPERS has to make a formal determination regarding independent contractor status versus a common law employee status, in order to answer whether or not a retiree, hired either through a third party employer, or as a consultant, is a true independent contractor, or in fact an employee of the County.

The first step in our Contractor process is to determine your status as it pertains to CalPERS retirement.

Please complete the Questionnaire and return to the contracting department.
