QUALIFICATIONS:

Knowledge of:

Operation and maintenance requirements of trucks and less complex power-driven equipment.

Materials, methods, practices and equipment used in road, bridge and culvert maintenance and repair activities and/or in traffic control installation, maintenance and repair activities and/or in the operation of a Solid Waste Disposal site.

Traffic laws, rules and ordinances involved in truck and equipment operations; traffic control regulations.

Safe work practices.

Ability to:

Understand, interpret and apply pertinent laws, codes and regulations.

Understand and follow oral and written instructions.

Perform a variety of semi-skilled and skilled construction, maintenance and repair work.

Perform heavy manual labor.

Operate a variety of vehicular and stationery mechanical equipment.

Perform minor maintenance on assigned equipment.

Learn the geography and street system of the County.

Follow established safe work rules and practices.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Communicate clearly and concisely, both orally and in writing.

Work effectively in emergency and stressful situations.

EXPERIENCE AND TRAINING GUIDELINES:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Some experience in the construction trades or road maintenance is desirable.

Training:

Formal or informal education or training which ensures the ability to read and write at a level necessary for successful job performance.

LICENSE OR CERTIFICATE:

Possession of, or ability to obtain an appropriate, valid California Class A driver's license with proper endorsements within one year of employment.

PHYSICAL DEMANDS

Must possess mobility to work in the field; strength, stamina, and mobility to perform medium to heavy physical work, to work in confined spaces, around machines and to climb and descend ladders, and operate varied hand and power tools and construction equipment; vision to read printed materials and a computer screen; and hearing and speech to communicate in person and over the telephone or radio. The job involves fieldwork requiring frequent walking in operational areas to identify problems or hazards. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator and to operate above-mentioned tools and equipment. Positions in this classification bend, stoop, kneel, reach, and climb to perform work and inspect work sites. Employees must possess the ability to lift, carry, push, and pull materials and objects, more than 75 pounds occasionally and frequently 50 pounds or more, as necessary to perform job functions.

WORKING CONDITIONS

Employees work in the field and are exposed to loud noise levels, cold and hot temperatures, inclement weather conditions, unusual heights, road hazards, vibration, confining workspace, chemicals, mechanical and/or electrical hazards, and hazardous physical substances and fumes. Employees may interact with upset staff and/or public and private representatives, and contractors in interpreting and enforcing departmental policies and procedures. Employees may be required to work on evenings, weekends, and holidays and participate in after-hours emergency response and on-call and callback assignments.
