

PUBLIC WORKS MECHANIC II

DEFINITION

To perform a variety of minor mechanical repairs to gasoline or diesel powered automotive, heavy construction and other power-driven equipment.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from lead, supervisory, and management staff.

DISTINGUISHING CHARACTERISTICS

Public Works Mechanic II is the mid-journey level classification in the Mechanic classification series. This classification is distinguished from the Public Works Mechanic III by the level of supervision received and the responsibility to perform minor mechanical diagnosis and repair. This classification requires the incumbent to provide tools according to the Tool Provision List.

EXAMPLES OF DUTIES - Duties may include, but are not limited to, the following:

Inspect, diagnose, and locate mechanical difficulties on County automobiles, trucks, and a variety of diesel and gasoline powered maintenance, and construction equipment.

Replace or repair faulty parts including wheel bearings, clutches, or oil seals, shock absorbers, exhaust systems, steering mechanisms, and related parts and equipment.

Overhaul, repair, and adjust engines, transmissions, differentials, clutches, valves; machine, grind and rebuild engine blocks, heads, cylinders and valves.

Service automatic and manual transmissions; replace bearings, gears and seals; change fluid and filters.

Service and repair differentials and suspension; replace springs, torsion bars, bushing ball joints and shock absorbers.

Service electrical systems; replace and rebuilt alternator and starter; replace wiring bulbs, fuses, and switches.

Service the air conditioning and heating system; replace compressors, condensers, heater cores, valves, hoses and blower motors.

Tune up engines, replacing electrical and electronic parts and cleaning and adjusting carburetors.

Repair and replace such components as generators, distributors, relays, lights and switches.

Repair, adjust and replace brake systems including disc, hydraulic and air brakes.

Assist in the purchasing of equipment maintenance parts and materials; clean and care for tools and equipment.

Perform regularly scheduled preventative maintenance, repairs and safety checks on a variety of County vehicles and equipment.

Maintain work, time, and material records.

Perform related duties as assigned.

QUALIFICATIONS:

Knowledge of:

Tools, equipment, and procedures used in the overhaul, repair, and adjustment of gas and diesel powered equipment.

Operation and care of internal combustion engines and hydraulic equipment.

Methods, materials, equipment and tools used in welding and fabrication work.

Operating and repair characteristics of a wide variety of County owned equipment.

Safe work practices.

Ability to:

Operate and care for internal combustion engines.

Use a variety of tools and equipment with skill.

Analyze, diagnose and repair mechanical, fuel and electrical problems.

Perform journey level equipment mechanical work including the trouble-shooting of equipment for minor repair work.

Maintain records.

Work independently in the absence of supervision.

Understand and follow oral and written instructions.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Communicate clearly and concisely, both orally and in writing.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Two years of experience performing in the maintenance of heavy construction equipment and/or automotive vehicles, preferably both diesel and gas powered OR one years experience as a Public Works Mechanic I.

Training:

Formal or informal education or training which ensures the ability to read and write at a level necessary for successful job performance including specialized training in maintenance and repair of gas and diesel powered equipment and vehicles.

License or Certificate:

Possession of, or ability to obtain, an appropriate, valid California driver license.
