General Unit Summary of Benefits

THE SELECTION

PROCESS

Candidates must submit a completed job application, Resume and Cover Letter. Application packets will be screened and candidates considered best qualified will move forward to a competitive examination process, which may include a written exam, practical skills exam, an oral interview, fingerprinting/background check or medical examination process if applicable. Eligible lists are used for Full-Time (40 hrs./wk. with benefits), Part-Time (20-39 hrs./wk. with benefits), and Public Service employee (PSE) temporary (limited benefits).

THE POSITION

This position under general supervision performs a variety of health-related services including providing basic medical care to the public, conducting immunizations and providing educational information to the public. This position is full-time and is scheduled for forty (40) hours per week.

THE IDEAL CANDIDATE

The ideal candidate will be capable of obtaining a medical history, assessing a patient and the patient's family, and contributing to the Patient Care Service Plans.

WHAT YOU'LL DO

- Perform, read, and evaluate TB skin tests, perform First Aid, Cardiopulmonary Resuscitation; refer clients to health care providers as necessary; monitor TB medication regime of patients as needed.
- Administer and evaluate pregnancy tests and provide perinatal counseling as appropriate.
- Conduct immunization and flu vaccination clinics for children and adults; evaluate medical records and determine the need for immunization or vaccination; administer immunizations and vaccines per protocol.
- Instruct clients in good health practices; provide information on common diseases, illnesses and their prevention, including communicable disease.
- Provide health-related information and instruction to individuals and families; assist in maintaining health education materials provided by the County.
- Maintain and update a variety of medical records; prepare written reports as required.
- Answer questions and provide information to the public about the health services provided by the County; assist individuals and families in obtaining public health services through the County and other medical services providers.
- Perform related duties as assigned.

A complete job description and list of duties can be found at www.countyofglenn.net

About Glenn County Glenn County has a population of 28,122 and is located mid-way between Sacramento and Redding in Northern California. Glenn County is primarily an agricultural community with mountains on the west, the Sacramento River bounding the east side and the Interstate 5 corridor taking you through the rich farm land of the County. With over 1,188 farms, agriculture remains the primary source of Glenn County's economy. Major commodities include rice, almonds, milk products, prunes, bees and livestock.

ARE WE A MATCH?

- You are able to perform pregnancy tests and other nursing procedures as appropriate, e.g. venipunctures.
- You have knowledge of procedures and methods of First Aid and Cardiopulmonary Resuscitation.
- You are able to understand and follow oral and written instructions.
- You have knowledge of principles of targeted cases management as appropriate.
- You are able to communicate clearly and concisely, both orally and in writing.
- You have knowledge of principles and procedures of: family planning, child development, medical record-keeping, and medical report preparation.
- You are able to establish and maintain cooperative working relationships with those contacted in the course of work.
- You have knowledge of principles and procedures of bloodborne pathogens precautions and TB/respiratory precautions in the work place.

MINIMUM QUALIFICATIONS

EXPERIENCE:

LVN I—At least one (1) year experience in clinical family practices setting.

LVN II—At least one (1) year experience as an LVN I.

EDUCATION:

LVN I/II—Graduate from an accredited school of vocational nursing.
