COUNTY ROAD C BRIDGE REHABILITATION

On Monday, September 18, 2023, the Glenn County Public Works Agency will begin a short-term project to rehabilitate the County Road C Bridge which crosses the Orland Unit Water Users canal. The work will focus on strengthening the upper structure in order to remove the load restriction and will require single-lane closures for the project's duration.

What can travelers expect?

- The bridge will be restricted to one lane starting Monday, September 18, 2023.
- Temporary traffic controls in place to move vehicles across the bridge, with delays of up to 30 minutes.
- The project is scheduled for 2 weeks, subject to weather delays.

Please use caution and allow yourself extra time if traveling through this area. We appreciate your patience during construction.

We understand the impact of this closure to the residents in the community, however, the safety of our residents and motorists is priority.

For additional information, please go to our website <https://www.countyofglenn.net/dept/public-works/road-bridge-maintenance/news> or call at 530-934-6530.
