**Information/Discussion/Action Items:**

**a) Updates from CCP Partner Agencies:**

Rick Beatty indicated he is trying to get DPO Kirsten Gray in the jail more using the Courage To Change program which is moving forward. She will start with one person in custody at this time and one person in her office. Once she runs them through, she will start running groups. Rick Beatty and CPO Thompson explained that the goal is for DPO Gray to see the inmate 30 days before the inmates are released so that we can transition them to the right services upon being released back into the community.

Deputy Ross handed out a spread sheet on ACS Electronic Monitoring data, explaining the different categories.

Bob Maloney expressed concern about prisoners getting out of jail with an ankle monitor after being sentenced to a county prison commitment. His concern was that the public would be upset to know we are releasing this classification of inmate, rather than pre-trial. He stated this was a public safety issue and these people should do the same amount of time in the local jail that they would be doing in a state prison.

Discussion ensued among the members. Janelle Bartlett pointed out that many people are actually successful released under these conditions and felt the public knows this.

**b) Presentation by HRA on CREW program:**

A video presentation was provided highlighting the CREW Program and the work they have done this year and their present goals for next year. Lucy Hernandez requested an augmentation of \$26,100.00 for next year, (2013/2014) to start up a training center. CPO Thompson indicated it needs to be formally presented and will be agendized and considered at the next meeting.

**c) Discuss The Implementation Of Pre-Trial Release Program:**

Handouts regarding this included the Ohio Risk Assessment System Scoring Guide and the Scoring Forms For Each Assessment.

CPO Thompson indicated that Probation will work with the Sheriff to implement this program right away. DCPO Beatty and Deputy Ross will set a date for this. Sheriff Jones indicated he wanted to be present at the meeting.

**d) Budget Update:**

The CCP 2013/2014 Department Requests spreadsheet was handed out with a breakdown of the allocations for each participating Department based on their requests.
