

## FOR IMMEDIATE RELEASE

### **Glenn County Streams Transportation Commission Meetings – *continuing its commitment to public meeting accessibility and transparency in government***

April 1, 2010

**Willows, CA** – Glenn County residents can now listen to County Transportation Commission and Transit Committee meetings online, live and on-demand, on the County's website through its continued partnership with Granicus, Inc.

Transportation Commission and Transit Committee meetings are available with meeting agendas, minutes, and relevant documentation. Archived meetings will be fully indexed, allowing residents to jump to portions of the meeting to hear a particular subject. Additionally, citizens can click on hyperlinked text within the meeting minutes of archived meetings to jump to that segment of the meeting.

Glenn County has been audio streaming Board of Supervisors, Planning Commission, and Local Agency Formation Commission meetings through its partnership with Granicus since 2006. This addition to its streaming media library reflects the County's commitment to increasing public meeting access and government transparency for its residents.

*"While we cannot broadcast all of our meetings in real-time, we hope that by making our meetings more accessible we will draw more people into our discussions regarding transit services and transportation in Glenn County. This will also give us an additional opportunity to make the public aware of the services available to them and involve them in planning for future services." John Linhart, Director, Glenn County Planning & Public Works Agency*

#### **About Granicus**

Granicus, Inc. is the leading provider of government solutions for improving transparency, citizen participation, and community awareness over the web. The Granicus platform helps public agencies create, manage and distribute live and on-demand streaming media content. Granicus hosts the world's largest government exclusive webcasting network, streaming over 22 million webcasts and serving over 600 clients spanning all 50 states.
