2. Background

In September 2014, the California legislature enacted the Sustainable Groundwater Management Act (SGMA) to require sustainable groundwater management statewide. SGMA applies to all high and medium priority groundwater basins as determined by the Department of Water Resources. Implementation of SGMA is achieved through the formation of Groundwater Sustainability Agencies (GSAs) and the preparation and implementation of Groundwater Sustainability Plans (GSPs).

The Corning Subbasin is a high priority basin required to be managed under SGMA and is shared between Glenn and Tehama Counties. Two GSAs coordinated on developing a single GSP, which was submitted to the Department of Water Resources in January 2022. The first required Annual Report was submitted in April 2022.

The Corning Sub-basin GSA governs the Glenn County portion of the subbasin through a Memorandum of Agreement with three participating members.

3. Project Description and Scope of Services

The scope of this RFP is to build on previous efforts and conduct all tasks necessary to evaluate, develop options, select, and implement a new funding mechanism to support the operations of the CSGSA and implement the Corning Subbasin GSP. Respondents are expected to be familiar with laws and regulations pertaining to the Sustainable Groundwater Management Act, Proposition 26, and Proposition 218.

Services provided may include, but are not limited to:

- Review of the Corning Subbasin GSP and initial budget and implementation plan
- Review of meeting summaries related to discussions on proposed fee mechanisms
- Evaluation of potential fee alternatives
- Recommendations on selecting an appropriate mechanism and process to implement a fee
- Development of a fee study or Engineers Report as appropriate
- Development of outreach materials
- Presentations to the GSA, advisory committees, or public
- Updating parcel information
- Complying with any ballot, hearing, protest, vote, or other requirement
- Preparing necessary files to place the fee on the County's tax roll.
- Related tasks

Services may be conducted in two phases, the first addressing immediate-term funding (start-up costs) and the second addressing longer-term CSGSA administration and GSP implementation.
